You mean these. I do not get an email with a review. this women her camera did not work. I tried to read with her anyways. She did an ok job tu did not get the words right. I tell her she did a good job but she mixed up lines. It still made sense but not exact. I asked her if she was ok with that. FOR SOME REASON she thought I meant I wanted her to mix up the lines. As we were reading and trying again she kept stopping herself because she said she kept thinking the wrong word> i was patient and said OK. There is nothing I can do to fix the thinking process. I asked her I think if there was a reason she thought she kept doing it. Maybe if she realized why she would stop. But she kind of sounded angry at me. What she was doing was not in my control. I have clients who do not always follow the script and I leave it up to them.

I had a client last night replace the word DUNGEON with chamber and when he did I used the same word as the script repeated what he said. rather than stop him and mess up his acting as he was doing otherwise great. That made me remember what MICAH kept doing. There was no reason for her to do what she did and she was kind of off vocally from the start.
Has she read with other readers and her camera has worked?

I do not think leaving the reveis she did was RIGHT. See attached.

FYI I made a video of the REview she left me which I can not find in the system.
From Instagram.

This girl her camera wasn't on. I couldn't see her & we had to work blind. Honestly she was kind of Rude. Please note I don't need abuse. I've had tons of good reviews. She's being nasty.

I do not like exposing what this girl did but I am tired of being targeted and I have been. Ironically yesterday after this I had a woman read with me who was black and she gave me a stellar review. It was not an easy scene. Her acting was great though like every actor she made some mistakes and I pointed them out but said are you OK with that because you were dead on acting wise but not word perfect. She was fine and even improvised a new ending for the scene. I was like OK if you want to do that and like that. It is up to you. I have had actors who like to improvise get cast.

I also found her and well I think this is her. Her voice came across angry when we talked. <https://www.backstage.com/u/micah-reed-2/>
