And you were saying?

What do these people say about you being weird on sets?

You are so aggressive, paranoid, rude & delusional

It's not politics Laura. You'd be surprised (I think) at the extent I've gone to on my own time to try to get you some help...to find SOMEONE who relates well to you intervene, not sit idly by and watch you self destruct on set and in the forums.

I've questioned people as to if anyone knows a friend YOU trust and perhaps your family somehow that could stand next to you and get you through whatever it is a hard time you're having because frankly, you're a loose cannon and something must be done to help you. Letting someone self destruct without doing or saying anything is not friendship.

Friends stab you in the front, only enemies will sit back and watch you detonate and not step into to help...

"You've" taken up many a conversation lately via PM and onset with other H.os'rs are either fed up with your rants and diatribes and either want you to just chill out walk away or get some help...

I fear however, if/when we do figure out a way to help you... you will either close the door in our faces or it will simply be too late.

of course, I fully expect you to take this post as some sort of attack since you see that I am "out to get you".

These are from Hollywood os. I posted on that site that jeremy had raped me and was then kicked off. These are from men who were abusing me. Or can't you tell that Cassandra?

I can read Cassandra. why can't you? why is it you only see from the perspective that I am wrong and you are right? I was not crazy. I worked full time on sets and was dependent on that work,

I am not a person who can work as a government agent or work as a politician even. I quit law in 2002 and my background was in ACTING and PERFORMING ARTS.

It is really fucked up that you are pointing out these horrible abusive people. Who are you? the woman who owned HOLLYWOOD OS who thought that LEE RYDER was a great guy.

I suggest someone look into his court case history.

Cassandra you can not read. I said if I kill my parents not I am going to kill my parents. FRANKLY you and my parents are a threat of me. I wanted an acting career or I wanted to die of cancer. I do not want a life if I can not be an actor. I do not care about having a successful business or future. DO You not get it? I was happy. I was having fun for the first time in my life and I saw myself having a future. where I was free. You want me to be dating so I get married. You want me to have zero character or personality and not be liked. You want me to be pathetic and boring and stupid. I had more to offer the entertainment industry than i could ever offer the government or law.

I had a GPA at SANTA MONICA college of 3.6 I got an A in a script reading class and won the respect of the script writing network in 2003. So much so that they were asking me to judge scripts after only having taken 3 script writing classes. but i also studied art theory as part of my masters program. I was an honor english student who was reading shakespeare at 11 years old. I studied SHAKESPEAR lit in college and had an interview at YALE for theater admin. DONT you get it. TO run a theater takes the same skill set as to be a film maker or film director. I TRAINED TO BE A THEATER DIRECTOR in college. So i not only can act. I can direct and have experience doing just that.

YOu want me to say I was delusional. MY FUCKING FATHER is thinking that he can kill my life on sets and with actors and I can go be a computer expert or a cop or some fucking civil service job. I have no passion or expertise in foreign politics. what i am good at is feelings and motives. I am better at being a reporter but I am also creative by nature and to emotional for a life where all I do is report facts without opinions. and I can not stay silent when I feel someone is doing something wrong. I hate liars and I hate deception.

YOu who ever you are--- i need my acting life back. if I can not be an actor I do not want to live anymore. YOu think I threaten my parents? I want to die if i have to have them in my life anymore,.

I hate men who are patriotic morons like my father. i hate them. If you blindly salute the flag without a free mind you are part of the problem leading this country to GILEAD.

Cassandra. Michael lovern green was a chief with Homeland. That means he was making 6 figures when he retired. My father was a GS 16 when he moved to Cali in 1995. That was converted to executive status. He was also making 6 figures. He didn't retire until 2012 I think.

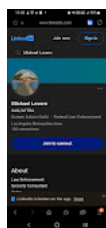

So lovern was working as background making minimum wage while having a retirement package that probably gave him about 50,000 or more to live off of.

While I fucking was 100000 in debt from law school. I had rent. Cell phone. Credit cards. I'd had cancer.

You say I threatened my parents. Fuck you. I needed to work fucking more than that narcissistic misogynist GOP red flag waving Bully lovern.

Oh and Lovern. Worked for Disney.

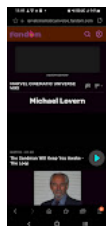

I can't read. You are not on the right side of this. I am a victim.

Lovern. Was a cop. Military. My father went to college. I went to college. Lovern doesn't appear to have any education or training as an actor.

Yet he can call himself that and I'm the one delusional?

My parents act like I was financially ruining them. When my father was making over 150000 a year when he was working. He had his dentist not clean my teeth to save money & punished me. I went through menopause bleeding from my vagina 2x a month from hasimotos Cassandra but you say I'm not a victim of abuse. Fuck you. You think I'm the can't in this.

Growing up my parents lived like my parents made 30000 a year. I was always a penny pincher. I don't buy new clothes. I've never had a new car. I got a full education to college on a scholarship I earned. Santa monica? Why did Carrie finklea have the police run me off the campus as if I threatened her when I didn't. I refused to work with her & never saw her once off that campus

You are a pompous cold inhumane abuser Cassandra

I've never cheated. I would never steal.
