What is it? I still haven't moved on. I am not practicing law. Nor was I ever. I am sick with an autoimmune disease.

I wanted an acting career. But I haven't had a job since 2011 because you & sag aftra treated me like I attacked someone. I didn't. I've told you Gilbreathe molested me. I filled charges against him & other and you the union act like I grabbed him when he molested me.

I've posted proof on my website that hollywood os & others blacklisted me because I said Gilbrrathe molested me. Gilbreathe and Jordan Marks may even know each other. Crew of Deadwood & Carnivale shared people. I did nothing to anyone. I never hit or attacked anyone. I worked hard as background artist to break into the industry. You the union shut me out with out specifics. Just I had bad behavior. That's not good enough. It shouldn't be legal. I don't sleep because of all of this now. Because if I can't be an actor I don't fucking care about law or politics or anything

The only reason I went to law school was to fight for free speech. It was to fight for the arts. But also because I needed to have a voice

You have put me in a position were I'm stuck with breasts implants. I can't stand anything at all. There is nothing I enjoy doing for work if I can't say im an actor.

I'd rather commit suicide than be a working attorney.

I went to law school. But no one had the right to make me go do billable hours.

I loved acting so much that I stopped wanting to even have a life.

Will Smith hit someone and was banned 10 years. I flashed a security guard who grabbed Me & I get treated like I'm an ax murder.

I've been suicidal because of how your office treated me. While a guy who molested me & his friends were allowed to bully me.

I wanted a man into acting. But I wasn't out to stalk anyone and I don't like materialistic narcissistic people out for fame only. I couldn't work as a waitress. I have a hard time dealing with crowds.

I worked hard for my union card only to spend a decade bring slandered.

I tried to register to go to sag award events. It won't let me

What is it you think I did? Because I've never cheated on a test. I have no criminal record. I'm not a lesbian. I'm not into dating younger or older men. I have been celibate since 2006.

What I got on by being background therefor you have the right to treat Me like im not a legitimate member? Really? But I also hot my 1st SAG audition. I have more than extras credits. You know it.

I wanted kids. I want a best friend for a husband. I wasn't out to get a celebrity boyfriend. Seriously I'm vegan. I've never been to the smoke house

I don't care about having a job with power. I will never go back to law offices. Or was that why? I went to law school and you in the legal department needed me to undrrstand i was obligated to be in law. Really? That was my only choice.

Why are you the lawyer for sag aftra if you don't understand acting was the only reason I fucking cared about the 1st amendment.

This guy Reef Karim tried to get Me into a 3some in 2003. He has been a medical consultant on Grey's Anatomy

Why does Shondaland have my # listed as hers online? Jason W George. Eric Dane. Dempsey. The jerks I filled with SAG in 2012 because they didn't believe i went to law school. I didn't file against George.

Sag foundation stopped me attending events in 2013 after I asked Kate Walsh why shondaland blacklisted me. Thats Assaf Cohen with Jeremy Piven. I was tripped in 2008 on a Jeremy Piven set. I did not cause that accident to sue. I think that is stupid. I hate the show better call Saul? I had an accident in 1997. It toll years for me to recover from that. Let alone risking being hurt.

In 2003 i took a script reader class at UCLA. My teacher was so impressed with my talents she recommended me to be a judge for the scriptwriter network. Me. Judging scripts. I wasn't sag eligible yet. I had not even worked on a set yet. I'd taken one previous class in script writing back in DC at the US graduate school. My teacher was a documentarian. But she taught us Syd Field.

So I was going to hollywood events years before being union.

I went to Pitchfest in 2012

I didnt misbehave at events.

I'm not building a life outside of the industry. I don't want a life void of actors artists or creative people

I didn't get a theater degree & meters to be made a trust fund lawyer or to be forced to be a politician

The only careers I want are ones where I work in film & tv

If you the union had anything to do with Carrie Finn finklea running me off SMC college. Do you understand aegism is criminal. So is sexism. I'm not gay.

Tony Young knew me from sets.

Barry Caldwell. Knew me from sets

Mark Geschwin and Carol Grant are friends of the guy who tried to rape me.

Carrie now works for a Disney executive.

I grew up in Lutherville Maryland. My home was 100 Gothard Rd. Growing up I never saw a cop car in our neighborhood. Not one crime. Most of the people I knew in high school. Went on to college. There was 1 guy who went into the military.

I'm not the kind of person who steals. Breaks the law. I don't get violent.
I didn't grow up in the rich or poor Cali.

Only 36% of the people in Cali have a college education. I have a juris doctorate. 40% of the people in Maryland have a college education

Dempsey & Dane play doctors & never went to college & could tell people I was crazy & didn't go to law school?

I was a Maryland distinguished scholar.

I don't do drugs. I don't have herpes or any stds

I also do not have a law practice. If I can't be an actor I feel like a failure. I didn't commit a crime. I don't understand how you can justify ostracized me from all union privileges for over a decade

I don't want to move on. Acting was the only reason I liked to connect to people.

I think chemical 13 was about me being catholic. But I wasn't interested In dating someone obsessed with God.

IMDb: : Chemical 13
https://www.imdb.com/title/tt2330767/

I'd never fall in love with anyone if I couldn't pay my rent. Buy my own car. I needed to be financially independent or I will never trust a man in my life.

I wanted an acting career. Not a husband

I was at Towson High when Woody Schultz was at Towson U.

Attached is my alumni Card from American U. Please see what it says I have a masters in. I'm more qualified to be in performing arts that Duncan Crabtree Ireland who worked as a criminal defense lawyer.

Cassandra. I'm not lying. I don't have the ability to be a computer programmer or to work in a regular law office. I didn't do well in law offices in DC. The easiest & best job I had was working for national geographic. But that was as a news producer. Frankly I didn't want to work in news. I am being prevented from using my education.

Who the fuck are you to tell everyone I'm a liar when you are in the UK & admit I don't know you

I'm not moving on. I'm in hell if I can't be an actor. I don't want to live if I'm not good enough to be with the unionembership.

I don't do drugs. I don't use sex to achieve anything. I don't have bad behavior. I didn't want my parents in My life or in my future

I have never ever liked the GOP. I'm not after being married

I have dreams to be an actor. I don't care about being in law or government. I don't belong in this world if I can't be in the entertainment industry

I don't even watch the news. Fuck you

You want me to live. You let me be back with sag aftra & at events with actors.

My parents wanted to set me up with Craig Kilbourne. They went to church in Arizona with his parents. I laughed. I was like- Mom you don't know your Daugher at all. He's not type. Now I realize he's from Missouri.

IMDb bio for Craig Kilborn
https://www.imdb.com/name/nm0452929/

He did movies with Republicans like Scott Baio.

IMDb: : Cursed
https://www.imdb.com/title/tt0257516/

I am not a liar. Nor am a fake or pretentious.

My mother called me in law school to check out Kilbourne in People & I was like- not really into him. He's so not my type.

I've never dated a WasP Cassandra. My ex boyfriends are all atheist, Jewish, or Catholic. You claim I'm a liar. But im telling thetruth. Because im telling the truth theory moving on I will do is to be an actor or make artistichope my business buy now I'm making it clear. My hope is acting. My art is acting

I also SAID I was a lawyer who did not practice. I SPENT 3 years at CATHOLIC LAW SCHOOL and you want to tell me my saying I have a law degree is CRIMINAL OR A SIGN I AM NUTS and deserve to be hauled off by the POLICE.

This ron ostrow. https://twitter.com/OstrowRon

I have this women in the UK saying that the police report from 2012 is 100% truthful. I KNOW IT IS NOT. I know I NEVER EVER SAID I WAS GOING TO GET A GUN> The only thing I said to anyone about guns was to KATY KURTZMAN and I told her I was terrified of my father who owns guns.

By the way I'm ugly right? Actors are supposed to be slutty sexy & young? I think it's ironic I was blacklisted by GOP Republicans with supposed Christian values. Values that make "ugly" women housewives & mothers and attractive women objects. I want to be seen still.

American disability act outlawed ugly laws. I didn't think of myself as ugly. I liked myself for the 1st time in my life

I would want to commit suicide of sag aftra convinced me I'm too ugly to be an actor. Not go get married & be a housewife

Acting is the only reason I want to be employed. I won't be employed unless I'm hired as a sag aftra actor

Don't assume no one would have cast me

I was on sets for years. Rhoda pell knew that. I worked on Carnival with her. Brother & sisters. She doesn't want to talk about it. But I wrote to her & told her I didn't want to sue on the accident in 2008. I wanted to be working .

I'm not an ugly person who uses people free or takes advantage of anyone. I did work on sets for years. I earned sag aftra. I didn't do anything bad. I didn't fuck anyone to get my sag card. I didn't cheat to get it.

By the way who ever was trolling me on line for years said they wanted to remove all the extras from sag aftra. How much $ would sag aftra lose if it rejected all the 160000 members who got In as background? Where are the rules that say members who are celebrities get all privileges but background are a separate class with frwerf rights?

Did you know Tom Cruise probably got in as an extra? I do not like scientology but his bio says he was given a line in a film. The only way that happens is being bumped up from being background.

Also Austin Butler who was just nominated was discovered by background casting. In fact I Also worked background on Hanna Montana.

What is it that you think I've done? What did I do? Forever? You might as well be telling Me my acting life is over. This has been going on since 2013. 2013. No hearing. No facing accusations. I'm not a two year old who deserves to be put

in a corner.

Jeremy gilbreathe molested me

I am not a criminal. I never hurt anyone.

You and crabtree Ireland are going to push me to suicide

I am not a stalker. I am an educated woman. I did go to law school

I want justice

I deserve due process.
When I had an accident on a set it was like someone smashed my knees with a hammer. It was a paramount set. Not Disney

I want to sue you Nicole for abuse and Intentional emotional distress.

I didn't hurt anyone. I didn't attack anyone.

I was molested.

Blacklisting In Cali is a crime. ..

That is my phone number. It's the number I've had listed with sag aftra since 2014. I don't do drugs. I don't typically scream at people.

Esai morales assaulted someone. You didn't stop him going to events.

I am not going to get Married. I haven't had sex since 2006. I do not have an std. I'm fed up with slander and this ostracization

I'm not going back to DC. I'm not getting a regular job

You read what I wrote assaf Cohen.

I don't care about leaving my apartment or getting out of bed if I don't have a future on sets & acting.

I hate GOP. I'm not the only sag aftra member who feels like that. I'm not a racist a nazi or criminally insane.

I'm vegan. Atheist.
I never wanted to run for sag aftra office

What did I do? I didn't do anything to deserve this. To have my dreams destroyed.

I need to know I'm to old or pathetic. I need to know that I'm just an extra?

Or I'm not 100% Israeli jew?

I'm crazy right? Assaf knew I was shooting chemical 13 when I met him at sag in 2011.
https://linktr.ee/lauraanntull

I will not care about having a future until I can be back with sag aftra. I will never make friends with people not into acting. I won't date if I don't have an acting career.

This is a message with Mike zuckman.
https://youtu.be/vEqeJNkr-Ow

Mike is Jewish. His father was the head of the communications department at CUA law. I was in that program but didn't finish it because I wanted to take copyright law my last semester. But acting was always my passion. I told my study group my 1st year of law school

Mike do me one favor. Tell Nicole with sag aftra I was the aba rep of sag aftra in 1998. By the way- crabtree Ireland the guy running sag aftra was the ABA rep of Davis in 1998. He was the one who had the police institutionalize me for saying I am a lawyer. I never said I was practicing. I never said I was going to practice. I resigned on my own. I chose to quit the bar. I think he knew And did what he did to kill my life as an actor. To make me go back to the legal profession. I can't. I won't.

I am not just an extra. I really did work for court TV in law school.
..

I am not a liar. I didn't have a law firm. Nor did I put myself out as a lawyer. I didn't have the resources to do that. I quit law in 2002. I worked on sets full time from 2003 to 2008. My plan was to work production & act. Not go back to law or DC. Or move to Texas.

I have an incurable autoimmune disease. This is abuse by you & sag aftra

If I managed to get a sag aftra job you would probably tell them not to hire me or suggest a named actor for the role.

I am never ever going to be interested in working on faith based projects. I have the right to say no

I stopped auditioning. What is the point if I get cast only to have you and sag legal say I can't be hired behind my back.

My father told me growing up I could not be an actor and had to be a lawyer. I quit law because I'd rather be an actor. Id rather be poor and an actor. I do not want a life without acting.

I do not Want boyfriends or lovers.

I will not date to make it.

I will never join a religion to be an actor.

John ponzio & I never had sex. We kissed in 2004 when I was working on Carnival. I told him I didn't want to be involved with him or anyone I was working with. He was after I went out for pizza with Jordan marks.

John started dating Cynthia Youngblood. A stand in on Carnival. He lied to me about her & I told him off for lying.
I'm not working in law. I hate lawyers. I hate legal work. I don't want to wear a suit & have power. Nor do I want to be married or dating. I had characters I wanted to play
I don't want to write a book. Nor will I take someone's book & make it into a movie

I'm sick. I'm tired. You've Made my life in Hollywood 10x harder than all the sag aftra Members allowed in the building & allowed sag aftra benefits

But I'm not going to move on. I'm not going to apologize or forgive Jeremy gilbteathe

I don't deserve any of this.

This happened today. This guy davey I emailed him in December. I spent my Christmas emailing everyone in the industry on Jeremy gilbreathes face book page telling them what he did to me

So today 4 months later this guy acts like I'm abusing & traumatizing him. Why? Contacts me asking why I emailed him about gilbreathe. So who told him to goad me - Jeff olan Ned Vaughn. I do not like the GOP or NRA. I never said I was going to get a gun. I'd never say that.

https://m.imdb.com/name/nm0891224/

So I dug. He claims he worked wcrediilbreathe once. He shares 2 credits with him. Not only that. But also one with Jeff olan. Jeff olan & carol Grant both are friends or have worked with Jeremy. Jeremy gilbreathe also worked on the Flight Attendant film.

So who says i had bad behavior? Jeff who thought i dated Blake shields.. the only men I've kissed in LA are Jordan marks, Joey dolezal, John ponzio, and two guys who were friends of a sag aftra actor friend of mine & writers not in SAG.. also 3 guys in auditions, one named Jake I think and one was African at an audition for a soap. I don't understand what you consider bad behavior. Because at events at sag aftra I heard men screaming out of turn. Esai morales apparently assaulted security. I will never behave for my abusive parents. I want them to give My brother everything they own. I wanted to die when I had cancer rather than be a Christian housewife. I wanted a career Acting & to be working back on sets.

I was a successful educated woman. I once had an interview to get into Yale. I didn't have a rep for losing it on sets. Unless you count breaking down in tears the 2x gilbreathe harassed me on sets. It's called being human. That's not bad behavior. It's disgusting if you think my fear and terror makes me unprofessional.

Then there is Marc geschwin who worked with me on Carnival & sleeper cell & several Disney shows. I never ever did anything wrong to get into sag aftra or to get work. Almost all the times I've been on sets casting hired me, granted there were times they contacted me & I didn't submit because crew requested me or because casting knew I fit what they wanted.

How much Time Nichol have you Been on sets?

I moved out of my parents house at 18 and on east coast no one would contact my parents behind my back because I have a vagina & I wasn't going to church on Sunday. I think anyone saying I had bad behavior but will not face me directly is slandering me & a coward. I demand due process and a hearing. I demand justice. I'd commit suicide before giving up this fight or quiting sag aftrs. I Will not give into coke heads.

Allen Rosenberg in 2003 with his cousin Donald Fagan offered me cocaine at a party i went to hosted by a union extra from deadwood DTLA. I didn't realize it was him until I called SAG in 2008/9 and told Rosenberg Gilbreathd assaulted me. He hung up on me. I was non union asking the union to protect me from a union member.

Nicole do you know who Scott grocki is? Hollywood knows him as Scott Alexander. He's the 1st guy who kissed Me. But what I never really stressed was the fact he kissed me. I didn't want him. In college he asked me to rub his shoulders. He had a headache. He grabbed me & shoved his tongue into My mouth. I got out of his embrace. Walked away & never talked to him about it or let myself be alone with him again. He was a bit of a bad boy. I wasn't into him & his manipulations.

https://deadline.com/2023/02/americas-got-talent-magician-scott-alexander-dead-following-stroke-1235252020/

Jen Dean is a lawyer in DC & his ex girlfriend after he kissed Me. Until recently I never told Jenn about the kiss or the fact I effectively rejected Scott. We all did a play called choices in college where I played Scott's ex who got an std & had to tell him. Irony. I was a virgin when I played the part

I trained to be an actor. It was my passion. I spent more time in college at the theater and in communication department and I was not pre law or politics. You allowing people to say I have bad behavior & ostracizihg me from sag aftra as if I did something horrible or would do something horrible is wrong. It's evil. Its mentally abusive.

I don't want to live if I can't be an actor. I don't want a man if I can't have kids and I can't now. Im not gay.

I'm including Jordan Marks In this email. Jordan fucked me in fall of 2003. He lied about his age where he was from. But I made it clear in 2003 I didn't want anything to do with him. I even got on Carnival in 2004 from deadwood. I moved on and didn't even really talk about Jordan. I don't have herpes. I also did not do anything to Jordan. I can't even tell you what he looks like completely naked. I passed out.

But I find it interesting Annapurna Pictures has a thank you from rhimes. Arne star is featured in the weinstein Annapurna film the Master starring earl brown of deadwood. And Jordan's boss Her father owns oracle and her brother now produces film for Tom cruise with paramount. Also united artists is Annapurna. They contract with Disney & Hulu. The girls on deadwood talked men's penis sizes in holding & I did not participate. To me it was trashy.

You have no idea that if you are a good girl who doesn't smoke pot or do drugs that makes you bad on sets?

I do not pursue men. I get As in school and wanted to do acting. Not be forced to give up for people slandering me.

It's a woman who has Been stalking me & attacking me a woman. Saying I did things to get As in school. I never fucked anyone to achieve anything Nicole. I'd never sleep with a man just to survive. I'm atheist. It's not about God to me. It's pride. I will never allow a man to control or own me

I am sick of the Hitler fascism of holywood. But I'm not leaving and I'm not quitting. The only way I'm gone is if I'm dead because I'm not giving in to people who have lied & cheated.

I wanted my own kids. Not someone else's. If a guy has kids I'm not going to be the solution to his baby sitting problems. I survived cancer

I'm not doing theater because the hot sexy women of sag aftra don't want my ugly face.

I'm going to end up killing myself because I'm not going to be someone's whore. I am disgusted with how unattractive women are treated.

Who ever mikkey Sanchez is. I'm too ugly to be an actor right?

Well how about if i was Asian or black? Or if I was funny? Because hollywood only wants ugly women they can laugh at.

Do you know that David rountree told me he'd cast a woman like me in a lead because not all roles are written for the hot sexy woman

Ada was created to get rid of ugly laws

I'm not going to a fucking therapist to make me OK having a life where I'm not allowed to be a sag aftra actor.

In 2016 I auditioned with tag studios. Cold reading. I passed the audition. I even rember it was Sorkin. The comedy she gave me to do. Not easy language. I passed.

I'm tired of being judged on how I look and not how smart I am or capable. I'm sick & tired of lies I have bad behavior & people believing it because I won't bow to sexist behavior or to abusers. I worked on sets for 5 years everyday. I got cast despite not being blonde & perfect.

Unlike some of your members. I didn't hire someone to cheat for me. My parents didn't do my homework. My mother wasn't smart enough to help me. She grew up on a farm. I grew up in Lutherville & not Beverly hills. I cooked My own food & cleaned my own room.

I didn't yell or scream.

I'm not a drug addict. Blake shields is.

I will never be anyone's whore. I will never get married. I'm sick & tired of being lied about. My grades are always good unless I take a class in something I either don't enjoy or I'm not good at. Being mensa I know what I'm made to do. I'm not made to be a lawyer or politician. I have agoraphobia.
The only victims you protect are the sexy pretty wealthy celebrities. You assume I can't be an actor because I was an extra

I'm never doing background again. I'm worth more than that.

I wish people would recognize that women acting like they deserve acting because they are pretty is just as misogynist as men treating unattractive women as objects to do their laundry.

I was a theater honor student. I'm Mensa. I just won the house cup. Again. For Harry potter puzzles..

Also I would not pay to get my kids into college. My parents didn't do that. My mother worked nights at GBMC medical As a nurse. My dad was customs on gay street In blackmore.

My father:

I went to law school because freedom of speech & art meant everything to me

I want you Nicole & crabtree Ireland to publicly say I did go to law school. I am a legitimate member of sag aftra. If someone wants to hire me as a secular atheist feminist Democrat actor who voted for Biden. They can. Because what your doing is blacklisting me without any real cause.

I can't run anymore because my knee was screwed up in 1997. I have never lied. I would never want to sue people to make $. I wanted to make stories & act in them. Not fucking work with real people & real lived

I don't watch the news. I read novels. I write poetry. I hate life without my imagination & art. I am sick of the elitism. I'm union too.

This. I was studying to be a film maker & wanted to act and make films. I'm to smart and don't have an ego where I want to be the hero of my story or the lead of my own movie. I have characters I want to create that I can't play & I know it.

I knew that the industry was going to be on the internet. That's why I started studying web design. Not because I wanted to build websites for businesses. Because I wanted to work in digital film but back in 2007 no one was teaching it. I didn't know what photoshop was or how to use it. 1st time I used photos hop was in a web class at SMC. I found it easy to use. I excelled at it

But let's label me crazy. A psycho. I'm not an artist or actor. And I didn't hide that I went to law school. Will Wallace knew in 2003.

I'm going to post this entire train of emails on my website.

I was smarter then 90% of the boys in my high school so I didn't have a high school sweetheart. I was to busy getting As to care about dating. Who ever mikkeysanchez is. They are slandering me. My parents did not pay for me to get As. This is a public school. Not some private school like where Jordan marks went or the kids whose parents paid to get them into USC. Bs. Spanish. Calculus & gym. Everything else A. Shut up about me being stupid. Autistic. Or intellectually challenged. The reason I was hated is because I'm a woman who is smarter than average but sick. I'm not going to work as a waitress because I am worth more in a career using My brain. My brain was worth more than most of the men in my high school.

I never ever want to work on Jesus freak projects. Anyone wanting to give Christianity a voice & shove faith based work down peoples throats I can be professional with but I will not have my name connected to Said projects. I came to hollywood to escape Gilead. Not be labelled a celebrity stalker?

Acting is not a hobby to me. & I'm not interested In being forced into slavery to survive at a job I'm going to hate.

I'm not going to work non union because you think I'm after being fucked by celebrities.

I did not go to AADA in 2006 & get a cert to make acting my hobby.

Lee ryder/kabarian is Maga. I'm not. Nor did I embrace my parents materialistic Christian values growing up. I do not care if you think that makes me a bigot lee. I want a sane world where people care about civil rights & science & positive art & stories. Not religious oligarchy.

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

Lee is a Jewish gun loving MAGA who lives in Montana now? I'm going to publish the 50 or so email threads you sent me

Read the emails with assaf Cohen. I say I am not looking to sleep with celebrities. I also am not interested in hanging out with Woody schultz. He's not my type

Interesting he produced a film called shabbat- Jewish. About a guy coming out as gay

I earned the respect lee of some celebrities working hard on sets. It is not a hobby to me. It is what I wanted to do with my life. It is my life.

Take your Christian values I don't want your twisted sexism in my life or my career.

I'm never going to date a guy with a fucking real job. Nor am I going to date anyone
I'm not going to have kids now. So have no use for men. If I can't work with actors in sag aftra. I'm not going to work non union. I'm not going to go off get rich so I can come back & make movies.

You think I'm psycho? You do not understand my being on sets was the only time I felt safe & was genuinely happy...

I was a good person who would never want to see anyone miserable or hurt. But you
.... I would not cry over ever

I've been in pain. I've hated myself & life for a decade.

Is Woody schultz why I keep getting removed from sag awards committee? and I'm not gay. Don't want to date gay or straight men from Maryland.

Robert zimeckis? Grant sheehan who went to college with me and went to USC also worked with him.

I was never interested in Grant. Just a friend. Or so I thought.

I'm not going to go back to my Korean ex in DC Nicole.

You went to a catholic law school right? I hated law school.

We Didn't meet eating lunch lee. We met on set when I was told by crew to stand with you by your car that you rented. We never had lunch together. We only met for ten minutes but for some reason Mike lovern included your email in conversations with Arne Star after I was blacklisted in which you & Mike told me you knew my father and something about cia.

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

I don't think people who are liars and wealthy are smart. I think they are just vile.

I have told you we worked one show and you decided I shouldn't be on sets.

I beat cancer in 2005 only to have every reason I fought to live taken away by 2008.

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

I don't want vacations. I don't want to be rich and famous.

I just wanted to make a living and build an acting career lee.

It wasn't a hobby to me.

I would rather be dead than make friends with the CIA or obey men in the military. If I knew My father was going to be my slave owner in 2005 I would have not had the mastectomy. Waste of 150000. Medical insurance. That's how much My mastectomy cost.

I don't want a life with men who worship nra & guns

Actually I did several weeks in LA on Cloverfield, then one more week in New York for pick up shots.
I didn't rent a car for the gig. My wife had crashed the car after the first day, so insurance got us a similar car so we could travel as needed.
It's a rather mundane thing, a perk of being insured. But given my role in the movie and how prominent I was, production did indeed provide me with a car for subsequent scenes as my (not my ex's) car wasn't suitable for their needs.
You have no clue idea about that shoot, for example, for my month of time on set I was put up in a hotel and getting a per diem and golden time.
See Ms Tull, you don't know a damn thing. You're as nasty as the excretions from a vaginally yeast infection.

Lee. This may offend some people. But I stopped bleeding. But I can still feel orgasmic. I don't need a fucking Man to make me happy. I want an acting career.

I auditioned for all these casting workshops in Hollywood lee & I qualified & got in.

Under training in my resume

https://resumes.actorsaccess.com/lauraanntull

I have been in actors access since 2003

I wasn't just trying to be an extra lee. I wasn't just sitting on sets.

I shot my 1st student film at USC in 2003 before working on a set. It was a silent film & I played a saint. I was the lead in it

This is the bureau of labor statistics. It says acting is expected to grow. Not shrink. It is an occupation. Not a hobby. https://www.bls.gov/ooh/entertainment-and-sports/actors.htm

No one does acting as a hobby. Not adults anyways

I don't want to do acting as a hobby. I don't have hobbies
You want me to help the community. Fuck you. I have. My community. Acting & artists

The government is not my friend if they helped blacklist me from sets & destroy every reason I liked myself.

I am not property. I am not a slave.

Innocent. Jeremy gilbreathe isn't fucking innocent

You lee are evil & I hate you. I hate you & your fucking American Maga misogynist attitude.

That I never wanted a woman's job- no teaching or being a nurse or being a housewife. I also told them no kids- but that was a half truth. I wanted kids if I could get away from my family so my children were not called named & bullied. Fuck you lee & your my father Is not my enemy. He wants me to be my mothers nurse maid. Not a wasp like my father. And now I hate religion. I want the children I'm never going to have. Not a fuckihg man who needs a woman to feed his ego and own.. I'm never going to have my own kids. I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

Ada was created to get rid of ugly laws

I'm not going to a fucking therapist to make me OK having a life where I'm not allowed to be a sag aftra actor.

I'm tired of being judged on how I look and not how smart I am or capable. I'm sick & tired of lies I have bad behavior & people believing it because I won't bow to sexist behavior or to abusers. I worked on sets for 5 years everyday. I got cast despite not being blonde & perfect.

So who says i had bad behavior? Jeff who thought i dated Blake shields.. the only men I've kissed in LA are Jordan marks, Joey dolezal, John ponzio, and two guys who were friends of a sag aftra actor friend of mine & writers not in SAG.. also 3 guys in auditions, one named Jake I think and one was African at an audition for a soap. I don't understand what you consider bad behavior. Because at events at sag aftra I heard men screaming out of turn. Esai morales apparently assaulted security. I will never behave for my abusive parents. I want them to give My brother everything they own. I wanted to die when I had cancer rather than be a Christian housewife. I wanted a career Acting & to be working back on sets.

I was a successful educated woman. I once had an interview to get into Yale. I didn't have a rep for losing it on sets. Unless you count breaking down in tears the 2x gilbreathe harassed me on sets. Mark Geschwin and Carol Grant are friends of the guy who tried to rape me.

Carrie now works for a Disney executive.

What is it you think I did? Because I've never cheated on a test. I have no criminal record. I'm not a lesbian. I'm not into dating younger or older men. I have been celibate since 2006.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

Fuck you lee. I've had a plan since college to work in film & tv. Not just theaters

I don't have a plan to me a mindless servant to American Civil servants to be fucked by some guy so my dad can be friends with the man forcing me to do his laundry against My wil

My fucking father I want him to give everything to my brother. I never wanted his $ or his lies. I do not want to hang out with my mother.

I don't want a life with men who worship nra & guns

If you Mike & government have anything to do with how sag aftra treated Me. You cost my partents over 150000 because I was making my own $ on sets and not taking from then in 2007. I had an autoimmune disease. Cutting me off sets and taking me out of entertainment industry took away the only reason I liked America & being alive

I want my life back and I want to be known for working hard on sets & being hirable as an actor.

I would rather be dead than become my mother a broken stupid Bible loving slave codependent on a Neanderthal.

You are not qualified to put me on psych meds

I do not want to date or hang out with men in uniforms.

I do not need you telling me I need medication.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I would rather cease to exist than be

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

I wish people would recognize that women acting like they deserve acting because they are pretty is just as misogynist as men treating unattractive women as objects to do their laundry.

I was a theater honor student. I'm Mensa. I just won the house cup. Again. For Harry potter puzzles..

I want you Nicole & crabtree Ireland to publicly say I did go to law school. I am a legitimate member of sag aftra. If someone wants to hire me as a secular atheist feminist Democrat actor who voted for Biden. They can. Because what your doing is blacklisting me without any real cause.

I'm going to end up killing myself because I'm not going to be someone's whore. I am disgusted with how unattractive women are treated.

Who ever mikkey Sanchez is. I'm too ugly to be an actor right?

Well how about if i was Asian or black? Or if I was funny? Because hollywood only wants ugly women they can laugh at.

Do you know that David rountree told me he'd cast a woman like me in a lead because not all roles are written for the hot sexy woman

Ada was created to get rid of ugly laws

I'm not going to a fucking therapist to make me OK having a life where I'm not allowed to be a sag aftra actor.

In 2016 I auditioned with tag studios. Cold reading. I passed the audition. I even rember it was Sorkin. The comedy she gave me to do. Not easy language. I passed.

I'm tired of being judged on how I look and not how smart I am or capable. I'm sick & tired of lies I have bad behavior & people believing it because I won't bow to sexist behavior or to abusers. I worked on sets for 5 years everyday. I got cast despite not being blonde & perfect.

So who says i had bad behavior? Jeff who thought i dated Blake shields.. the only men I've kissed in LA are Jordan marks, Joey dolezal, John ponzio, and two guys who were friends of a sag aftra actor friend of mine & writers not in SAG.. also 3 guys in auditions, one named Jake I think and one was African at an audition for a soap. I don't understand what you consider bad behavior. Because at events at sag aftra I heard men screaming out of turn. Esai morales apparently assaulted security. I will never behave for my abusive parents. I want them to give My brother everything they own. I wanted to die when I had cancer rather than be a Christian housewife. I wanted a career Acting & to be working back on sets.

I was a successful educated woman. I once had an interview to get into Yale. I didn't have a rep for losing it on sets. Unless you count breaking down in tears the 2x gilbreathe harassed me on sets. It's called being human. That's not bad behavior. It's disgusting if you think my fear and terror makes me unprofessional.

I have an incurable autoimmune disease. This is abuse by you & sag aftra

You read what I wrote assaf Cohen.

I don't care about leaving my apartment or getting out of bed if I don't have a future on sets & acting.

I hate GOP. I'm not the only sag aftra member who feels like that. I'm not a racist a nazi or criminally insane.

I'm vegan. Atheist.
I never wanted to run for sag aftra office

What did I do? I didn't do anything to deserve this. To have my dreams destroyed.

I need to know I'm to old or pathetic. I need to know that I'm just an extra?

Or I'm not 100% Israeli jew?

I'm crazy right? Assaf knew I was shooting chemical 13 when I met him at sag in 2011.

I will not care about having a future until I can be back with sag aftra. I will never make friends with people not into acting. I won't date if I don't have an acting career.

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

I don't want a life with men who worship nra & guns

If you Mike & government have anything to do with how sag aftra treated Me. You cost my partents over 150000 because I was making my own $ on sets and not taking from then in 2007. I had an autoimmune disease. Cutting me off sets and taking me out of entertainment industry took away the only reason I liked America & being alive

I want my life back and I want to be known for working hard on sets & being hirable as an actor.

I would rather be dead than become my mother a broken stupid Bible loving slave codependent on a Neanderthal.

You are not qualified to put me on psych meds

I do not want to date or hang out with men in uniforms.

I do not need you telling me I need medication.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

We only met for ten minutes but for some reason Mike lovern included your email in conversations with Arne Star after I was blacklisted in which you & Mike told me you knew my father and something about cia.

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

I don't think people who are liars and wealthy are smart. I think they are just vile.

I have told you we worked one show and you decided I shouldn't be on sets.

I beat cancer in 2005 only to have every reason I fought to live taken away by 2008.

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

I don't want vacations. I don't want to be rich and famous.

I wanted my own kids. Not someone else's. If a guy has kids I'm not going to be the solution to his baby sitting problems. I survived cancer

I'm not doing theater because the hot sexy women of sag aftra don't want my ugly face.

I'm going to end up killing myself because I'm not going to be someone's whore. I am disgusted with how unattractive women are treated.

Who ever mikkey Sanchez is. I'm too ugly to be an actor right?

Well how about if i was Asian or black? Or if I was funny? Because hollywood only wants ugly women they can laugh at.

Do you know that David rountree told me he'd cast a woman like me in a lead because not all roles are written for the hot sexy woman

Ada was created to get rid of ugly laws

I'm not going to a fucking therapist to make me OK having a life where I'm not allowed to be a sag aftra actor.

In 2016 I auditioned with tag studios. Cold reading. I passed the audition. I even rember it was Sorkin. The comedy she gave me to do. Not easy language. I passed.

I'm tired of being judged on how I look and not how smart I am or capable. I'm sick & tired of lies I have bad behavior & people believing it because I won't bow to sexist behavior or to abusers. I worked on sets for 5 years everyday. I got cast despite not being blonde & perfect.

Unlike some of your members. I didn't hire someone to cheat for me. My parents didn't do my homework. My mother wasn't smart enough to help me. She grew up on a farm. I grew up in Lutherville & not Beverly hills. I cooked My own food & cleaned my own room.

I didn't yell or scream.

I'm not a drug addict. Blake shields is.

I don't understand what you consider bad behavior. Because at events at

sag aftra I heard men screaming out of turn. Esai morales apparently assaulted security. I will never behave for my abusive parents. I want them to give My brother everything they own. I wanted to die when I had cancer rather than be a Christian housewife. I wanted a career Acting & to be working back on sets.

I was a successful educated woman. I once had an interview to get into Yale. I didn't have a rep for losing it on sets. Unless you count breaking down in tears the 2x gilbreathe harassed me on sets. It's called being human. That's not bad behavior. It's disgusting if you think my fear and terror makes me unprofessional.

I never tried to sue paramount for the accident in 2008 on set because I believe someone tripped me on purpose.

I have an incurable autoimmune disease. This is abuse by you & sag aftra

If I managed to get a sag aftra job you would probably tell them not to hire me or suggest a named actor for the role.

I am never ever going to be interested in working on faith based projects. I have the right to say no

I hate GOP. I'm not the only sag aftra member who feels like that. I'm not a racist a nazi or criminally insane.

I'm vegan. Atheist.
I never wanted to run for sag aftra office

What did I do? I didn't do anything to deserve this. To have my dreams destroyed.

I need to know I'm to old or pathetic. I need to know that I'm just an extra?

Or I'm not 100% Israeli jew?

I'm crazy right? Assaf knew I was shooting chemical 13 when I met him at sag in 2011.
https://linktr.ee/lauraanntull

I will not care about having a future until I can be back with sag aftra. I will never make friends with people not into acting. I won't date if I don't have an acting career.

Did you know Tom Cruise probably got in as an extra? I do not like scientology but his bio says he was given a line in a film. The only way that happens is being bumped up from being background.

Also Austin Butler who was just nominated was discovered by background casting. In fact I Also worked background on Hanna Montana.

I went to Pitchfest in 2012

I didnt misbehave at events.

I'm not building a life outside of the industry. I don't want a life void of actors artists or creative people

I didn't get a theater degree & meters to be made a trust fund lawyer or to be forced to be a politician

The only careers I want are ones where I work in film & tv

If you the union had anything to do with Carrie Finn finklea running me off SMC college. Do you understand aegism is criminal. So is sexism. I'm not gay.

Tony Young knew me from sets.

Barry Caldwell. Knew me from sets

Mark Geschwin and Carol Grant are friends of the guy who tried to rape me.

Carrie now works for a Disney executive.

What is it you think I did? Because I've never cheated on a test. I have no criminal record. I'm not a lesbian. I'm not into dating younger or older men. I have been celibate since 2006.

I'm sick of your pathetic pretense of being a great guy lee. I know you are not

I Hate toxic white misogynist Maga America

I was doing beach clean ups and street clean ups. Helping feed the homeless by cooking vegan meals

You want me to find a job to make $ so I can help people with $ I am so traumatized I don't want to even get out of bed.

Angela protected the guy who molested me & his wife so they could build a life

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee. Working on sets was my job. Not Me taking a day off to have fun on a set

You and Angelina are not innocent in this.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

If you Mike & government have anything to do with how sag aftra treated Me. You cost my partents over 150000 because I was making my own $ on sets and not taking from then in 2007. I had an autoimmune disease. Cutting me off sets and taking me out of entertainment industry took away the only reason I liked America & being alive

I want my life back and I want to be known for working hard on sets & being hirable as an actor.

I would rather be dead than become my mother a broken stupid Bible loving slave codependent on a Neanderthal.

You are not qualified to put me on psych meds

I do not want to date or hang out with men in uniforms.

I do not need you telling me I need medication.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

We only met for ten minutes but for some reason Mike lovern included your email in conversations with Arne Star after I was blacklisted in which you & Mike told me you knew my father and something about cia.

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

Mike is Jewish. His father was the head of the communications department at CUA law. I was in that program but didn't finish it because I wanted to take copyright law my last semester. But acting was always my passion. I told my study group my 1st year of law school

Mike do me one favor. Tell Nicole with sag aftra I was the aba rep of sag aftra in 1998. By the way- crabtree Ireland the guy running sag aftra was the ABA rep of Davis in 1998. He was the one who had the police institutionalize me for saying I am a lawyer. I never said I was practicing. I never said I was going to practice. I resigned on my own. I chose to quit the bar. I think he knew And did what he did to kill my life as an actor. To make me go back to the legal profession. I can't. I won't.

I am not just an extra. I really did work for court TV in law school.
..

I am not a liar. I didn't have a law firm. Nor did I put myself out as a lawyer. I didn't have the resources to do that. I quit law in 2002. I worked on sets full time from 2003 to 2008. My plan was to work production & act. Not go back to law or DC. Or move to Texas.

I have an incurable autoimmune disease. This is abuse by you & sag aftra

If I managed to get a sag aftra job you would probably tell them not to hire me or suggest a named actor for the role.

I am never ever going to be interested in working on faith based projects. I have the right to say no

I hate GOP. I'm not the only sag aftra member who feels like that. I'm not a racist a nazi or criminally insane.

I'm vegan. Atheist.
I never wanted to run for sag aftra office

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

I want honesty lee. I want true justice.

I don't think people who are liars and wealthy are smart. I think they are just vile.

I have told you we worked one show and you decided I shouldn't be on sets.

I beat cancer in 2005 only to have every reason I fought to live taken away by 2008.

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

I don't want vacations. I don't want to be rich and famous.

I just wanted to make a living and build an acting career lee.

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

I never ever want to work on Jesus freak projects. Anyone wanting to give Christianity a voice & shove faith based work down peoples throats I can be professional with but I will not have my name connected to Said projects. I came to hollywood to escape Gilead. Not be labelled a celebrity stalker?

Acting is not a hobby to me. & I'm not interested In being forced into slavery to survive at a job I'm going to hate.

I'm not going to work non union because you think I'm after being fucked by celebrities.

I did not go to AADA in 2006 & get a cert to make acting my hobby.

Lee ryder/kabarian is Maga. I'm not. Nor did I embrace my parents materialistic Christian values growing up. I do not care if you think that makes me a bigot lee. I want a sane world where people care about civil rights & science & positive art & stories. Not religious oligarchy.

I am not a criminal. I never hurt anyone.

You and crabtree Ireland are going to push me to suicide

I am not a stalker. I am an educated woman. I did go to law school

I want justice

I deserve due process.
When I had an accident on a set it was like someone smashed my knees with a hammer. It was a paramount set. Not Disney

I want to sue you Nicole for abuse and Intentional emotional distress.

I didn't hurt anyone. I didn't attack anyone.

I was molested.

Blacklisting In Cali is a crime. ..

That is my phone number. It's the number I've had listed with sag aftra since 2014. I don't do drugs. I don't typically scream at people.

Esai morales assaulted someone. You didn't stop him going to events.

I am not going to get Married. I haven't had sex since 2006. I do not have an std. I'm fed up with slander and this ostracization

I'm not going back to DC. I'm not getting a regular job

You read what I wrote assaf Cohen.

I don't care about leaving my apartment or getting out of bed if I don't have a future on sets & acting.

I hate GOP. I'm not the only sag aftra member who feels like that. I'm not a racist a nazi or criminally insane.

I'm vegan. Atheist.
I never wanted to run for sag aftra office

What did I do? I didn't do anything to deserve this. To have my dreams destroyed.

I need to know I'm to old or pathetic. I need to know that I'm just an extra?

Or I'm not 100% Israeli jew?

I'm crazy right? Assaf knew I was shooting chemical 13 when I met him at sag in 2011.
https://linktr.ee/lauraanntull

I will not care about having a future until I can be back with sag aftra. I will never make friends with people not into acting. I won't date if I don't have an acting career.

If you the union had anything to do with Carrie Finn finklea running me off SMC college. Do you understand aegism is criminal. So is sexism. I'm not gay.

Tony Young knew me from sets.

Barry Caldwell. Knew me from sets

Mark Geschwin and Carol Grant are friends of the guy who tried to rape me.

Carrie now works for a Disney executive.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

If you Mike & government have anything to do with how sag aftra treated Me. You cost my partents over 150000 because I was making my own $ on sets and not taking from then in 2007. I had an autoimmune disease. Cutting me off sets and taking me out of entertainment industry took away the only reason I liked America & being alive

I want my life back and I want to be known for working hard on sets & being hirable as an actor.

I would rather be dead than become my mother a broken stupid Bible loving slave codependent on a Neanderthal.

You are not qualified to put me on psych meds

I do not want to date or hang out with men in uniforms.

I do not need you telling me I need medication.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I never ever want to work on Jesus freak projects. Anyone wanting to give Christianity a voice & shove faith based work down peoples throats I can be professional with but I will not have my name connected to Said projects. I came to hollywood to escape Gilead. Not be labelled a celebrity stalker?

Acting is not a hobby to me. & I'm not interested In being forced into slavery to survive at a job I'm going to hate.

I'm not going to work non union because you think I'm after being fucked by celebrities.

I did not go to AADA in 2006 & get a cert to make acting my hobby.

Lee ryder/kabarian is Maga. I'm not. Nor did I embrace my parents materialistic Christian values growing up. I do not care if you think that makes me a bigot lee. I want a sane world where people care about civil rights & science & positive art & stories. Not religious oligarchy.

I wish people would recognize that women acting like they deserve acting because they are pretty is just as misogynist as men treating unattractive women as objects to do their laundry.

I was a theater honor student. I'm Mensa. I just won the house cup. Again. For Harry potter puzzles..

Also I would not pay to get my kids into college. My parents didn't do that. My mother worked nights at GBMC medical As a nurse. My dad was customs on gay street In blackmore.

I want you Nicole & crabtree Ireland to publicly say I did go to law school. I am a legitimate member of sag aftra. If someone wants to hire me as a secular atheist feminist Democrat actor who voted for Biden. They can. Because what your doing is blacklisting me without any real cause.

I'm tired of being judged on how I look and not how smart I am or capable. I'm sick & tired of lies I have bad behavior & people believing it because I won't bow to sexist behavior or to abusers. I worked on sets for 5 years everyday. I got cast despite not being blonde & perfect.

Unlike some of your members. I didn't hire someone to cheat for me. My parents didn't do my homework. My mother wasn't smart enough to help me. She grew up on a farm. I grew up in Lutherville & not Beverly hills. I cooked My own food & cleaned my own room.

I didn't yell or scream.

I'm not a drug addict. Blake shields is.

Jeff who thought i dated Blake shields.. the only men I've kissed in LA are Jordan marks, Joey dolezal, John ponzio, and two guys who were friends of a sag aftra actor friend of mine & writers not in SAG.. also 3 guys in auditions, one named Jake I think and one was African at an audition for a soap. I don't understand what you consider bad behavior. Because at events at sag aftra I heard men screaming out of turn. Esai morales apparently assaulted security. I will never behave for my abusive parents. I want them to give My brother everything they own. I wanted to die when I had cancer rather than be a Christian housewife. I wanted a career Acting & to be working back on sets.

I was a successful educated woman. I once had an interview to get into Yale. I didn't have a rep for losing it on sets. Unless you count breaking down in tears the 2x gilbreathe harassed me on sets. It's called being human. That's not bad behavior. It's disgusting if you think my fear and terror makes me unprofessional.

I have an incurable autoimmune disease. This is abuse by you & sag aftra

If I managed to get a sag aftra job you would probably tell them not to hire me or suggest a named actor for the role.

I don't care about leaving my apartment or getting out of bed if I don't have a future on sets & acting.

I hate GOP. I'm not the only sag aftra member who feels like that. I'm not a racist a nazi or criminally insane.

I'm vegan. Atheist.
I never wanted to run for sag aftra office

What did I do? I didn't do anything to deserve this. To have my dreams destroyed.

I need to know I'm to old or pathetic. I need to know that I'm just an extra?

Or I'm not 100% Israeli jew?

I'm crazy right? Assaf knew I was shooting chemical 13 when I met him at sag in 2011.

I will not care about having a future until I can be back with sag aftra. I will never make friends with people not into acting. I won't date if I don't have an acting career.

You need to leave me the fuck alone.

I'm sick of your pathetic pretense of being a great guy lee. I know you are not

I Hate toxic white misogynist Maga America

I was doing beach clean ups and street clean ups. Helping feed the homeless by cooking vegan meals

You want me to find a job to make $ so I can help people with $ I am so traumatized I don't want to even get out of bed.

Angela protected the guy who molested me & his wife so they could build a life

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee. Working on sets was my job. Not Me taking a day off to have fun on a set

You and Angelina are not innocent in this.

**Subject:** Re: My status Nicole.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

did not do anything to Jordan. I can't even tell you what he looks like completely naked. I passed out.

But I find it interesting Annapurna Pictures has a thank you from rhimes. Arne star is featured in the weinstein Annapurna film the Master starring earl brown of deadwood. And Jordan's boss Her father owns oracle and her brother now produces film for Tom cruise with paramount. Also united artists is Annapurna. They contract with Disney & Hulu. The girls on deadwood talked men's penis sizes in holding & I did not participate. To me it was trashy.

You have no idea that if you are a good girl who doesn't smoke pot or do drugs that makes you bad on sets?

I do not pursue men. I get As in school and wanted to do acting. Not be forced to give up for people slandering me.

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

My fucking father I want him to give everything to my brother. I never wanted his $ or his lies. I do not want to hang out with my mother.

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I'm not doing theater because the hot sexy women of sag aftra don't want my ugly face.

I'm going to end up killing myself because I'm not going to be someone's whore. I am disgusted with how unattractive women are treated.

Who ever mikkey Sanchez is. I'm too ugly to be an actor right?

Well how about if i was Asian or black? Or if I was funny? Because hollywood only wants ugly women they can laugh at.

Do you know that David rountree told me he'd cast a woman like me in a lead because not all roles are written for the hot sexy woman

Ada was created to get rid of ugly laws

I'm not going to a fucking therapist to make me OK having a life where I'm not allowed to be a sag aftra actor.

In 2016 I auditioned with tag studios. Cold reading. I passed the audition. I even rember it was Sorkin. The comedy she gave me to do. Not easy language. I passed.

I'm tired of being judged on how I look and not how smart I am or capable. I'm sick & tired of lies I have bad behavior & people believing it because I won't bow to sexist behavior or to abusers. I worked on sets for 5 years everyday. I got cast despite not being blonde & perfect.

Unlike some of your members. I didn't hire someone to cheat for me. My parents didn't do my homework. My mother wasn't smart enough to help me. She grew up on a farm. I grew up in Lutherville & not Beverly hills. I cooked My own food & cleaned my own room.

I didn't yell or scream.

I'm not a drug addict. Blake shields is.

So today 4 months later this guy acts like I'm abusing & traumatizing him. Why? Contacts me asking why I emailed him about gilbreathe. So who told him to goad me - Jeff olan Ned Vaughn. I do not like the GOP or NRA. I never said I was going to get a gun. I'd never say that.

https://m.imdb.com/name/nm0891224/

So I dug. He claims he worked wcrediilbreathe once. He shares 2 credits with him. Not only that. But also one with Jeff olan. Jeff olan & carol Grant both are friends or have worked with Jeremy. Jeremy gilbreathe also worked on the Flight Attendant film.

So who says i had bad behavior? Jeff who thought i dated Blake shields.. the only men I've kissed in LA are Jordan marks, Joey dolezal, John ponzio, and two guys who were friends of a sag aftra actor friend of mine & writers not in SAG.. also 3 guys in auditions, one named Jake I think and one was African at an audition for a soap. I don't understand what you consider bad behavior. Because at events at sag aftra I heard men screaming out of turn. Esai morales apparently assaulted security. I will never behave for my abusive parents. I want them to give My brother everything they own. I wanted to die when I had cancer rather than be a Christian housewife. I wanted a career Acting & to be working back on sets.

I was a successful educated woman. I once had an interview to get into Yale. I didn't have a rep for losing it on sets. Unless you count breaking down in tears the 2x gilbreathe harassed me on sets. It's called being human. That's not bad behavior. It's disgusting if you think my fear and terror makes me unprofessional.

Mike is Jewish. His father was the head of the communications department at CUA law. I was in that program but didn't finish it because I wanted to take copyright law my last semester. But acting was always my passion. I told my study group my 1st year of law school

Mike do me one favor. Tell Nicole with sag aftra I was the aba rep of sag aftra in 1998. By the way- crabtree Ireland the guy running sag aftra was the ABA rep of Davis in 1998. He was the one who had the police institutionalize me for saying I am a lawyer. I never said I was practicing. I never said I was going to practice. I resigned on my own. I chose to quit the bar. I think he knew And did what he did to kill my life as an actor. To make me go back to the legal profession. I can't. I won't.

I am not just an extra. I really did work for court TV in law school.
..

I am not a liar. I didn't have a law firm. Nor did I put myself out as a lawyer. I didn't have the resources to do that. I quit law in 2002. I worked on sets full time from 2003 to 2008. My plan was to work production & act. Not go back to law or DC. Or move to Texas.

I have an incurable autoimmune disease. This is abuse by you & sag aftra

If I managed to get a sag aftra job you would probably tell them not to hire me or suggest a named actor for the role.

I am never ever going to be interested in working on faith based projects. I have the right to say no

Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. It's a rather mundane thing, a perk of being insured. But given my role in the movie and how prominent I was, production did indeed provide me with a car for subsequent scenes as my (not my ex's) car wasn't suitable for their needs.
You have no clue idea about that shoot, for example, for my month of time on set I was put up in a hotel and getting a per diem and golden time.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

I never ever want to work on Jesus freak projects. Anyone wanting to give Christianity a voice & shove faith based work down peoples throats I can be professional with but I will not have my name connected to Said projects. I came to hollywood to escape Gilead. Not be labelled a celebrity stalker?

Acting is not a hobby to me. & I'm not interested In being forced into slavery to survive at a job I'm going to hate.

I'm not going to work non union because you think I'm after being fucked by celebrities.

I did not go to AADA in 2006 & get a cert to make acting my hobby.

Lee ryder/kabarian is Maga. I'm not. Nor did I embrace my parents materialistic Christian values growing up. I do not care if you think that makes me a bigot lee. I want a sane world where people care about civil rights & science & positive art & stories. Not religious oligarchy.

I'm never doing background again. I'm worth more than that.

I wish people would recognize that women acting like they deserve acting because they are pretty is just as misogynist as men treating unattractive women as objects to do their laundry.

I was a theater honor student. I'm Mensa. I just won the house cup. Again. For Harry potter puzzles..

In 2016 I auditioned with tag studios. Cold reading. I passed the audition. I even rember it was Sorkin. The comedy she gave me to do. Not easy language. I passed.

I'm tired of being judged on how I look and not how smart I am or capable. I'm sick & tired of lies I have bad behavior & people believing it because I won't bow to sexist behavior or to abusers. I worked on sets for 5 years everyday. I got cast despite not being blonde & perfect.

Unlike some of your members. I didn't hire someone to cheat for me. My parents didn't do my homework. My mother wasn't smart enough to help me. She grew up on a farm. I grew up in Lutherville & not Beverly hills. I cooked My own food & cleaned my own room.

I didn't yell or scream.

I'm not a drug addict. Blake shields is.

I don't understand what you consider bad behavior. Because at events at sag aftra I heard

men screaming out of turn. Esai morales apparently assaulted security. I will never behave for my abusive parents. I want them to give My brother everything they own. I wanted to die when I had cancer rather than be a Christian housewife. I wanted a career Acting & to be working back on sets.

I was a successful educated woman. I once had an interview to get into Yale. I didn't have a rep for losing it on sets. Unless you count breaking down in tears the 2x gilbreathe harassed me on sets. It's called being human. That's not bad behavior. It's disgusting if you think my fear and terror makes me unprofessional.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

We Didn't meet eating lunch lee. We met on set when I was told by crew to stand with you by your car that you rented. We never had lunch together. We only met for ten minutes but for some reason Mike lovern included your email in conversations with Arne Star after I was blacklisted in which you & Mike told me you knew my father and something about cia.

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

I don't think people who are liars and wealthy are smart. I think they are just vile.

I have told you we worked one show and you decided I shouldn't be on sets.

I beat cancer in 2005 only to have every reason I fought to live taken away by 2008.

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

I don't want vacations. I don't want to be rich and famous.

I just wanted to make a living and build an acting career lee.

I'm going to end up killing myself because I'm not going to be someone's whore. I am disgusted with how unattractive women are treated.

Who ever mikkey Sanchez is. I'm too ugly to be an actor right?

Well how about if i was Asian or black? Or if I was funny? Because hollywood only wants ugly women they can laugh at.

Do you know that David rountree told me he'd cast a woman like me in a lead because not all roles are written for the hot sexy woman

Ada was created to get rid of ugly laws

I'm not going to a fucking therapist to make me OK having a life where I'm not allowed to be a sag aftra actor.

In 2016 I auditioned with tag studios. Cold reading. I passed the audition. I even rember it was Sorkin. The comedy she gave me to do. Not easy language. I passed.

I'm tired of being judged on how I look and not how smart I am or capable. I'm sick & tired of lies I have bad behavior & people believing it because I won't bow to sexist behavior or to abusers. I worked on sets for 5 years everyday. I got cast despite not being blonde & perfect.

Unlike some of your members. I didn't hire someone to cheat for me. My parents didn't do my homework. My mother wasn't smart enough to help me. She grew up on a farm. I grew up in Lutherville & not Beverly hills. I cooked My own food & cleaned my own room.

So today 4 months later this guy acts like I'm abusing & traumatizing him. Why? Contacts me asking why I emailed him about gilbreathe. So who told him to goad me - Jeff olan Ned Vaughn. I do not like the GOP or NRA. I never said I was going to get a gun. I'd never say that.

https://m.imdb.com/name/nm0891224/

So I dug. He claims he worked wcrediilbreathe once. He shares 2 credits with him. Not only that. But also one with Jeff olan. Jeff olan & carol Grant both are friends or have worked with Jeremy. Jeremy gilbreathe also worked on the Flight Attendant film.

So who says i had bad behavior? Jeff who thought i dated Blake shields.. the only men I've kissed in LA are Jordan marks, Joey dolezal, John ponzio, and two guys who were friends of a sag aftra actor friend of mine & writers not in SAG.. also 3 guys in auditions, one named Jake I think and one was African at an audition for a soap. I don't understand what you consider bad behavior. Because at events at sag aftra I heard men screaming out of turn. Esai morales apparently assaulted security. I will never behave for my abusive parents. I want them to give My brother everything they own. I wanted to die when I had cancer rather than be a Christian housewife. I wanted a career Acting & to be working back on sets.

I was a successful educated woman. I once had an interview to get into Yale. I didn't have a rep for losing it on sets. Unless you count breaking down in tears the 2x gilbreathe harassed me on sets. It's called being human. That's not bad behavior. It's disgusting if you think my fear and terror makes me unprofessional.

I was working. Im not obsessed with you. I want justice. I did not do anything to deserve not to be on sets or with sag aftra.

I'm not faking anything. I never lied I court. I lost my ability to run races in 1997. My knee cap still tilts at an angle.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee. Working on sets was my job. Not Me taking a day off to have fun on a set

You and Angelina are not innocent in this.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

Because I wanted to work in digital film but back in 2007 no one was teaching it. I didn't know what photoshop was or how to use it. 1st time I used photos hop was in a web class at SMC. I found it easy to use. I excelled at it

I'm going to end up killing myself because I'm not going to be someone's whore. I am disgusted with how unattractive women are treated.

Who ever mikkey Sanchez is. I'm too ugly to be an actor right?

Well how about if i was Asian or black? Or if I was funny? Because hollywood only wants ugly women they can laugh at.

Do you know that David rountree told me he'd cast a woman like me in a lead because not all roles are written for the hot sexy woman

Ada was created to get rid of ugly laws

I'm not going to a fucking therapist to make me OK having a life where I'm not allowed to be a sag aftra actor.

In 2016 I auditioned with tag studios. Cold reading. I passed the audition. I even rember it was Sorkin. The comedy she gave me to do. Not easy language. I passed.

I'm tired of being judged on how I look and not how smart I am or capable. I'm sick & tired of lies I have bad behavior & people believing it because I won't bow to sexist behavior or to abusers. I worked on sets for 5 years everyday. I got cast despite not being blonde & perfect.

Unlike some of your members. I didn't hire someone to cheat for me. My parents didn't do my homework. My mother wasn't smart enough to help me. She grew up on a farm. I grew up in Lutherville & not Beverly hills. I cooked My own food & cleaned my own room.

I didn't yell or scream.

I'm not a drug addict. Blake shields is.

So today 4 months later this guy acts like I'm abusing & traumatizing him. Why? Contacts me asking why I emailed him about gilbreathe. So who told him to goad me - Jeff olan Ned Vaughn. I do not like the GOP or NRA. I never said I was going to get a gun. I'd never say that.

https://m.imdb.com/name/nm0891224/

So I dug. He claims he worked wcrediilbreathe once. He shares 2 credits with him. Not only that. But also one with Jeff olan. Jeff olan & carol Grant both are friends or have worked with Jeremy. Jeremy gilbreathe also worked on the Flight Attendant film.

So who says i had bad behavior? Jeff who thought i dated Blake shields.. the only men I've kissed in LA are Jordan marks, Joey dolezal, John ponzio, and two guys who were friends of a sag aftra actor friend of mine & writers not in SAG.. also 3 guys in auditions, one named Jake I think and one was African at an audition for a soap. I don't understand what you consider bad behavior. Because at events at sag aftra I heard men screaming out of turn. Esai morales apparently assaulted security. I will never behave for my abusive parents. I want them to give My brother everything they own. I wanted to die when I had cancer rather than be a Christian housewife. I wanted a career Acting & to be working back on sets.

I was a successful educated woman. I once had an interview to get into Yale. I didn't have a rep for losing it on sets. Unless you count breaking down in tears the 2x gilbreathe harassed me on sets. It's called being human. That's not bad behavior. It's disgusting if you think my fear and terror makes me unprofessional.

I was doing beach clean ups and street clean ups. Helping feed the homeless by cooking vegan meals

You want me to find a job to make $ so I can help people with $ I am so traumatized I don't want to even get out of bed.

Angela protected the guy who molested me & his wife so they could build a life

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee. Working on sets was my job. Not Me taking a day off to have fun on a set

You and Angelina are not innocent in this.

It's a rather mundane thing, a perk of being insured. But given my role in the movie and how prominent I was, production did indeed provide me with a car for subsequent scenes as my (not my ex's) car wasn't suitable for their needs.
You have no clue idea about that shoot, for example, for my month of time on set I was put up in a hotel and getting a per diem and golden time.
See Ms Tull, you don't know a damn thing. You're as nasty as the excretions from a vaginally yeast infection.

LEAVE ME THE FUCK ALONE!

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

You are not qualified to put me on psych meds

I do not want to date or hang out with men in uniforms.

I do not need you telling me I need medication.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

I wish people would recognize that women acting like they deserve acting because they are pretty is just as misogynist as men treating unattractive women as objects to do their laundry.

I was a theater honor student. I'm Mensa. I just won the house cup. Again. For Harry potter puzzles..

Also I would not pay to get my kids into college. My parents didn't do that. My mother worked nights at GBMC medical As a nurse. My dad was customs on gay street In blackmore.

I was doing beach clean ups and street clean ups. Helping feed the homeless by cooking vegan meals

You want me to find a job to make $ so I can help people with $ I am so traumatized I don't want to even get out of bed.

Angela protected the guy who molested me & his wife so they could build a life

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee. Working on sets was my job. Not Me taking a day off to have fun on a set

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

I never ever want to work on Jesus freak projects. Anyone wanting to give Christianity a voice & shove faith based work down peoples throats I can be professional with but I will not have my name connected to Said projects. I came to hollywood to escape Gilead. Not be labelled a celebrity stalker?

Acting is not a hobby to me. & I'm not interested In being forced into slavery to survive at a job I'm going to hate.

I'm not going to work non union because you think I'm after being fucked by celebrities.

I did not go to AADA in 2006 & get a cert to make acting my hobby.

Lee ryder/kabarian is Maga. I'm not. Nor did I embrace my parents materialistic Christian values growing up. I do not care if you think that makes me a bigot lee. I want a sane world where people care about civil rights & science & positive art & stories. Not religious oligarchy.

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

Fuck you lee. I've had a plan since college to work in film & tv. Not just theaters

I don't have a plan to me a mindless servant to American Civil servants to be fucked by some guy so my dad can be friends with the man forcing me to do his laundry against My wil

My fucking father I want him to give everything to my brother. I never wanted his $ or his lies. I do not want to hang out with my mother.

I don't want a life with men who worship nra & guns

If you Mike & government have anything to do with how sag aftra treated Me. You cost my partents over 150000 because I was making my own $ on sets and not taking from then in 2007. I had an autoimmune disease. Cutting me off sets and taking me out of entertainment industry took away the only reason I liked America & being alive

I was happy in 2007 lee. Happy.

I would rather cease to exist than be

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

I did not go to AADA in 2006 & get a cert to make acting my hobby.

Lee ryder/kabarian is Maga. I'm not. Nor did I embrace my parents materialistic Christian values growing up. I do not care if you think that makes me a bigot lee. I want a sane world where people care about civil rights & science & positive art & stories. Not religious oligarchy.

Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

I'm not going to work non union because you think I'm after being fucked by celebrities.

I did not go to AADA in 2006 & get a cert to make acting my hobby.

Lee ryder/kabarian is Maga. I'm not. Nor did I embrace my parents materialistic Christian values growing up. I do not care if you think that makes me a bigot lee. I want a sane world where people care about civil rights & science & positive art & stories. Not religious oligarchy.

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

I'm sick of your pathetic pretense of being a great guy lee. I know you are not

I was doing beach clean ups and street clean ups. Helping feed the homeless by cooking vegan meals

You want me to find a job to make $ so I can help people with $ I am so traumatized I don't want to even get out of bed.

Angela protected the guy who molested me & his wife so they could build a life

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee. Working on sets was my job. Not Me taking a day off to have fun on a set

You and Angelina are not innocent in this.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

I don't think people who are liars and wealthy are smart. I think they are just vile.

I have told you we worked one show and you decided I shouldn't be on sets.

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

I don't want vacations. I don't want to be rich and famous.

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

Acting is not a hobby to me. & I'm not interested In being forced into slavery to survive at a job I'm going to hate.

I'm not going to work non union because you think I'm after being fucked by celebrities.

I did not go to AADA in 2006 & get a cert to make acting my hobby.

Lee ryder/kabarian is Maga. I'm not. Nor did I embrace my parents materialistic Christian values growing up. I do not care if you think that makes me a bigot lee. I want a sane world where people care about civil rights & science & positive art & stories. Not religious oligarchy.

I'm tired of being judged on how I look and not how smart I am or capable. I'm sick & tired of lies I have bad behavior & people believing it because I won't bow to sexist behavior or to abusers. I worked on sets for 5 years everyday. I got cast despite not being blonde & perfect.

Unlike some of your members. I didn't hire someone to cheat for me. My parents didn't do my homework. My mother wasn't smart enough to help me. She grew up on a farm. I grew up in Lutherville & not Beverly hills. I cooked My own food & cleaned my own room.

You need to leave me the fuck alone.

I'm sick of your pathetic pretense of being a great guy lee. I know you are not

I Hate toxic white misogynist Maga America

I was doing beach clean ups and street clean ups. Helping feed the homeless by cooking vegan meals

You want me to find a job to make $ so I can help people with $ I am so traumatized I don't want to even get out of bed.

Angela protected the guy who molested me & his wife so they could build a life

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee. Working on sets was my job. Not Me taking a day off to have fun on a set

You and Angelina are not innocent in this.

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

They are slandering me. My parents did not pay for me to get As. This is a public school. Not some private school like where Jordan marks went or the kids whose parents paid to get them into USC. Bs. Spanish. Calculus & gym. Everything else A. Shut up about me being stupid. Autistic. Or intellectually challenged. The reason I was hated is because I'm a woman who is smarter than average but sick. I'm not going to work as a waitress because I am worth more in a career using My brain. My brain was worth more than most of the men in my high school.

I knew that the industry was going to be on the internet. That's why I started studying web design. Not because I wanted to build websites for businesses. Because I wanted to work in digital film but back in 2007 no one was teaching it. I didn't know what photoshop was or how to use it. 1st time I used photos hop was in a web class at SMC. I found it easy to use. I excelled at it

But let's label me crazy. A psycho. I'm not an artist or actor. And I didn't hide that I went to law school. Will Wallace knew in 2003.

I'm going to post this entire train of emails on my website.

I am sick of the Hitler fascism of holywood. But I'm not leaving and I'm not quitting. The only way I'm gone is if I'm dead because I'm not giving in to people who have lied & cheated.

I wanted my own kids. Not someone else's. If a guy has kids I'm not going to be the solution to his baby sitting problems. I survived cancer

I'm not doing theater because the hot sexy women of sag aftra don't want my ugly face.

I'm going to end up killing myself because I'm not going to be someone's whore. I am disgusted with how unattractive women are treated.

Who ever mikkey Sanchez is. I'm too ugly to be an actor right?

Well how about if i was Asian or black? Or if I was funny? Because hollywood only wants ugly women they can laugh at.

Do you know that David rountree told me he'd cast a woman like me in a lead because not all roles are written for the hot sexy woman

Ada was created to get rid of ugly laws

I'm not going to a fucking therapist to make me OK having a life where I'm not allowed to be a sag aftra actor.

In 2016 I auditioned with tag studios. Cold reading. I passed the audition. I even rember it was Sorkin. The comedy she gave me to do. Not easy language. I passed.

I'm tired of being judged on how I look and not how smart I am or capable. I'm sick & tired of lies I have bad behavior & people believing it because I won't bow to sexist behavior or to abusers. I worked on sets for 5 years everyday. I got cast despite not being blonde & perfect.

Unlike some of your members. I didn't hire someone to cheat for me. My parents didn't do my homework. My mother wasn't smart enough to help me. She grew up on a farm. I grew up in Lutherville & not Beverly hills. I cooked My own food & cleaned my own room.

I didn't yell or scream.

I'm not a drug addict. Blake shields is.

Lee I don't like being me all the time I hate it. I liked change. I worked on every studio lot in Hollywood from 2003 to 2008. I will never ever be obsessed with living in some small town in America and seeing the same people and not having change. Your obsessed with bullying me out of my freedom

I don't want to be stuck in a cage. Fuck you

I was excited to be alive.

This is how a good person is turned into a psycho who ends up in a mindless job & shows up one day and kills people. This kind of crappy abuse. America is not my home if acting is now an unhealthy obsession for me. I'd want to live still if I was with sag aftra & on sets.

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

I want honesty lee.  I want true justice.

I don't think people who are liars and wealthy are smart.  I think they are just vile.

I have told you we worked one show and you decided I shouldn't be on sets.

I beat cancer in 2005 only to have every reason I fought to live taken away by 2008.

There is nothing I want to lee but my life back in 2007 so I could have not met you.  Not talked to you.

I don't want vacations.  I don't want to be rich and famous.

I just wanted to make a living and build an acting career lee.

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

Acting is not a hobby to me. & I'm not interested In being forced into slavery to survive at a job I'm going to hate.

I'm not going to work non union because you think I'm after being fucked by celebrities.

I did not go to AADA in 2006 & get a cert to make acting my hobby.

Lee ryder/kabarian is Maga. I'm not. Nor did I embrace my parents materialistic Christian values growing up. I do not care if you think that makes me a bigot lee. I want a sane world where people care about civil rights & science & positive art & stories. Not religious oligarchy.

I don't want to be stuck in a cage. Fuck you

I was excited to be alive.

This is how a good person is turned into a psycho who ends up in a mindless job & shows up one day and kills people. This kind of crappy abuse. America is not my home if acting is now an unhealthy obsession for me. I'd want to live still if I was with sag aftra & on sets.

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee. Working on sets was my job. Not Me taking a day off to have fun on a set

You and Angelina are not innocent in this.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.

Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

Lee. I said this is how you make someone be that. I didn't say I'd do that

If what you say is true then the industry has blacklisted me.

I never liked making fun of people. I never called anyone names or belittle anyone in school. I was belittled & abused at home by the Christian parents you don't know but think must be awesome

I will not care about moving on. Because unless I can be an actor I will always hate life

I'm not going to live a lie Lee. I'm not going to pretend to be happy

.news flash Lee. Women still have organsm even after their vagiba stops bleeding. I'm fine with no blood

You and sag aftra & the studios are allowed to age discriminate and bully and violate rights & slander for the pathetic pretty people I don't like & won't worship

I'm not interested In helping the same people in America who would not want am old dried up woman like me being seen as strong and capable. But only wants to see sexy young and shallow

I had talent Lee. More talent than a guy like you will ever have. I had potential. I never stalked anyone

I have ethics Lee. I don't ask men out. They ask me. I say no I mean no. I don't go backwards. An ex is an ex. If it didn't work it wasn't meant to. I'd rather be alone than in a relationship & miserable.

I didn't know you Lived In Montana Lee until you said something that implied to me you were not here

I'm so tired of your narciscism and your egotistical need to have the last word.
Have you been blacklisted Lee? Is that why you are not In Cali?

This is how a good person is turned into a psycho who ends up in a mindless job & shows up one day and kills people. This kind of crappy abuse. America is not my home if acting is now an unhealthy obsession for me. I'd want to live still if I was with sag aftra & on sets.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

Fuck you lee. I've had a plan since college to work in film & tv. Not just theaters

I don't have a plan to me a mindless servant to American Civil servants to be fucked by some guy so my dad can be friends with the man forcing me to do his laundry against My wil

My fucking father I want him to give everything to my brother. I never wanted his $ or his lies. I do not want to hang out with my mother.

I don't want men in my life. I don't want my father in my life.

That's me lee. Left of Jodie foster. https://m.youtube.com/watch?v=_18XfgQ66wo

I don't want a life with men who worship nra & guns

If you Mike & government have anything to do with how sag aftra treated Me. You cost my partents over 150000 because I was making my own $ on sets and not taking from then in 2007. I had an autoimmune disease. Cutting me off sets and taking me out of entertainment industry took away the only reason I liked America & being alive

I want my life back and I want to be known for working hard on sets & being hirable as an actor.

I would rather be dead than become my mother a broken stupid Bible loving slave codependent on a Neanderthal.

You are not qualified to put me on psych meds

I do not want to date or hang out with men in uniforms.

I do not need you telling me I need medication.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

No lee.  I'm not a psycho.  I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill

myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

Lee. I said this is how you make someone be that. I didn't say I'd do that

If what you say is true then the industry has blacklisted me.

I never liked making fun of people. I never called anyone names or belittle anyone in school. I was belittled & abused at home by the Christian parents you don't know but think must be awesome

I will not care about moving on. Because unless I can be an actor I will always hate life

I'm not going to live a lie Lee. I'm not going to pretend to be happy

.news flash Lee. Women still have organsm even after their vagiba stops bleeding. I'm fine with no blood

You and sag aftra & the studios are allowed to age discriminate and bully and violate rights & slander for the pathetic pretty people I don't like & won't worship

I'm not interested In helping the same people in America who would not want am old dried up woman like me being seen as strong and capable. But only wants to see sexy young and shallow

I had talent Lee. More talent than a guy like you will ever have. I had potential. I never stalked anyone

I have ethics Lee. I don't ask men out. They ask me. I say no I mean no. I don't go backwards. An ex is an ex. If it didn't work it wasn't meant to. I'd rather be alone than in a relationship & miserable.

I didn't know you Lived In Montana Lee until you said something that implied to me you were not here

I'm so tired of your narciscism and your egotistical need to have the last word.
Have you been blacklisted Lee? Is that why you are not In Cali?

You want me to find a job to make $ so I can help people with $  I  am so traumatized I don't want to even get out of bed.

Angela protected the guy who molested me & his wife so they could build a life

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education.  Not just the fucking ivy blue varsity cheaters and liars.  Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills.  You think I'm horrible

I'm better than you.  I deserved better than to be kicked after I had cancer.  Cancer isn't a joke.  They cut it out of me.  But if it spread I won't do radiation or Chemo.  I made the mistake of having the surgery in 2005.  Your God if he exists gave Me cancer to kill me.  Because I hate him now.  I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid.  I don't have 200000 to give to charity.  You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person.  I had a balanced life.  You email me all this bulkship telling me I need to be a better person?  But you didn't know me at all.

Angelina chose you.  Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee.  Working on sets was my job. Not Me taking a day off to have fun on a set

You and Angelina are not innocent in this.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

Acting is not a hobby to me. & I'm not interested In being forced into slavery to survive at a job I'm going to hate.

I'm not going to work non union because you think I'm after being fucked by celebrities.

I did not go to AADA in 2006 & get a cert to make acting my hobby.

Lee ryder/kabarian is Maga. I'm not. Nor did I embrace my parents materialistic Christian values growing up. I do not care if you think that makes me a bigot lee. I want a sane world where people care about civil rights & science & positive art & stories. Not religious oligarchy.

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

I didn't rent a car for the gig. My wife had crashed the car after the first day, so insurance got us a similar car so we could travel as needed.
It's a rather mundane thing, a perk of being insured. But given my role in the movie and how prominent I was, production did indeed provide me with a car for subsequent scenes as my (not my ex's) car wasn't suitable for their needs.
You have no clue idea about that shoot, for example, for my month of time on set I was put up in a hotel and getting a per diem and golden time.
See Ms Tull, you don't know a damn thing. You're as nasty as the excretions from a vaginally yeast infection.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

Thats me Lee. In the black dress by the car.

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I'm sick of your pathetic pretense of being a great guy lee. I know you are not

I Hate toxic white misogynist Maga America

I was doing beach clean ups and street clean ups. Helping feed the homeless by cooking vegan meals

You want me to find a job to make $ so I can help people with $ I am so traumatized I don't want to even get out of bed.

Angela protected the guy who molested me & his wife so they could build a life

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee. Working on sets was my job. Not Me taking a day off to have fun on a set

You and Angelina are not innocent in this.

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

If you Mike & government have anything to do with how sag aftra treated Me. You cost my partents over 150000 because I was making my own $ on sets and not taking from then in 2007. I had an autoimmune disease. Cutting me off sets and taking me out of entertainment industry took away the only reason I liked America & being alive

I want my life back and I want to be known for working hard on sets & being hirable as an actor.

I would rather be dead than become my mother a broken stupid Bible loving slave codependent on a Neanderthal.

You are not qualified to put me on psych meds

I do not want to date or hang out with men in uniforms.

I do not need you telling me I need medication.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

I have told you we worked one show and you decided I shouldn't be on sets.

I beat cancer in 2005 only to have every reason I fought to live taken away by 2008.

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

I don't want vacations. I don't want to be rich and famous.

I just wanted to make a living and build an acting career lee.

It wasn't a hobby to me.

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

My fucking father I want him to give everything to my brother. I never wanted his $ or his lies. I do not want to hang out with my mother.

I don't want men in my life. I don't want my father in my life.

We Didn't meet eating lunch lee. We met on set when I was told by crew to stand with you by your car that you rented. We never had lunch together. We only met for ten minutes but for some reason Mike lovern included your email in conversations with Arne Star after I was blacklisted in which you & Mike told me you knew my father and something about cia.

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

I don't think people who are liars and wealthy are smart. I think they are just vile.

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

I don't have a plan to me a mindless servant to American Civil servants to be fucked by some guy so my dad can be friends with the man forcing me to do his laundry against My wil

Sally. Lee has the reading ability of a high school graduate. Did you go to college Lee? I didn't say you were my father. You act like you have a personal relationship to me that you do not. You don't own me. You and I never dated or spent time together other than the day we worked on Cloverfield. And I know we did one other thing but you were so belligerent I didn't go near you and you made some comment- what is she doing here.

Mike lovern & you indicated you knew my father. You've contacted the police & said we were friends.

You tell me ive stalked you for 17 years? I'm so sick of this crap

I am an introvert. I'm ill. I want to be able to reach out to people and connect with people who want to support me In my acting & creative goals. I am sorry lee but you don't matter to me. You are insane. You really need to learn that my life has zero to do with you. You don't have the right to make me go to church or live my your archaic nra Maga values.

I've been so sick. I was in school Lee From 2005 to 2016. Not stalking you.

I'm not interested in training to be a real estate agent. I can't practice law
I hate fighting

My brain thinks like an actor & story teller.& poet. I don't think like a corporate tycoon

I don't want my fucking familes money.

Im so sick & you have made it worse.
I'm not the one guilty of a federal crime. You are. I'm disabled Lee
. My hair was falling out. I lost weight.

I can't work at a job that stresses me out. Acting didn't stress me it gave me joy

I want to kill myself in front of My parents so they how much I hate taking their $

But just because the money comes from my dad that does not give you or sag aftra the right to prevent me working in entertainment.

I don't want to work in education.

I will never care about working for anyone if not allowed to say I'm an actor

I am not property Lee. I am a slave. Fuck corporate asswholes. No one will touch my resume then.

I will not take a job against my will that I do not want.

I kept getting jobs from some company wanting to help me. Some education thing. But the site didn't exist. Was that harassment You?

I will not answer my phone now because I don't want to talk to shonda rhimes fans or people I don't fuckinv know. I like being alone

I was doing beach clean ups and street clean ups. Helping feed the homeless by cooking vegan meals

You want me to find a job to make $ so I can help people with $ I am so traumatized I don't want to even get out of bed.

Angela protected the guy who molested me & his wife so they could build a life

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee. Working on sets was my job. Not Me taking a day off to have fun on a set

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

for some reason Mike lovern included your email in conversations with Arne Star after I was blacklisted in which you & Mike told me you knew my father and something about cia.

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

I don't think people who are liars and wealthy are smart. I think they are just vile.

I have told you we worked one show and you decided I shouldn't be on sets.

I beat cancer in 2005 only to have every reason I fought to live taken away by 2008.

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

I don't want vacations. I don't want to be rich and famous.

I just wanted to make a living and build an acting career lee.

It wasn't a hobby to me.

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

I have never been to Montana Lee. I never ever want to be in Montana. I have nothing to do with Montana. Your email about Montana being a gun carry state is irrelevant to this. I haven't slept lee. It'd 6 am here and I would not ever waste my energy going to you to hurt you.

I have never hurt anyone. I've gotten violent intentionally like 3 times in My life. My brother used to hit & scratch me & I never once hit him back. I've been bitten and punched. Never hit back

I slapped a guy once for kissing me when he had a girlfriend. I fight with words Lee. I will never ever kill anything or carry a gun or date a man who has guns. Even my dad who has hit me, grabbed me, and shaken me so hard I was afraid he'd snap my kneck- I never once got violent back. I cry Lee. I scream. I hit myself before I'd hurt anyone

Do you know why Monks set themselves on fire? Because if life gets so horrible they can only see one way to project their anger, by hurting other people, a Buddhist monk could be driven to do that. Because rage that can not be put out consumes. A Buddhist would turn the anger on themselves before inflicting violence on others. It isn't a good choice or the right choice. But life can be that horrible. Guns make this life ugly.

I like mysteries because I like to solve them. I wanted to Play a female Sherlock Holmes. But Holmes wasn't known for gun slinging.

**Subject:** Re: My status Nicole.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

I don't think people who are liars and wealthy are smart. I think they are just vile.

I have told you we worked one show and you decided I shouldn't be on sets.

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

I don't want vacations. I don't want to be rich and famous.

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

I'm reading she said about weinstein. I did not grow up in the industry. I didn't grow up obsessing Over hollywood stars or over people magazines. I didn't read the magazines with star news or even fashion magazines. I was to busy reading books from the library & doing homework. I watched a lot of TV & movies. But I didn't dream of living the life of a movie star. I liked playing characters

I think Nicole I'm banned from sag aftra because if men hit on me I wouldn't be quiet about it. I'm not a slut or fuckable actress. I'm a woman who would shun hillywood stars who offered me cocaine. I don't like to spend money on alcohol & drugs

I'm not guilty of bad behavior. I just won't cater to abusive celebrities or toxic men.

In a profession that is all about image what you are doing is slandering me by ostracizing me.

I'm not a has been actor. Because I will never ever care about going back to a life where I can't change to be who I want to be or play different people. I hate the mundane life of the American dream. I hate its a wonderful life. I won't be a house wife or a prostitute or a secretary. I will not care about having a boss to tell me what to do. Because unless I have the rights I earned with sag aftra & can be respected as an actor I will never care about working hard again. Because I earned sag aftra. I didn't fuck anyone to get it. Or cheat. Or lie. Or buy my way In. Or call a connected family member. Or use some special thing I had like a military life. I used the training I earned in college & grad school to do the job of a background artist

If this is about me having a law degree. I left law in 2002. I will never ever go back. As far as I'm concerned you are intentionally torturing me for the sexist misogynist celebs I could care less about. I had never heard of Jason George before he showed up on eli stone. I did not know about Woody schultz until assaf tried to introduce me.

I don't want anyone controlling My acting career. And what you the union are doing is pushing me to self harm and causing me unwanted stress. I'm sick. I don't believe I would be as sick as I am if you the union actually respected every member & respected human values & employee rights.

Cassandra I was minding my own life. I was feeling better for the 1st time in moths. When suddenly my twitter is banned

It wasn't a lie. It was a typo. I meant you are not my father. I've been ill but you called me a hypochondriac. You & lee have ganged bullied me in emails

What is your business Cassandra? Is it connected to the industry? Do you deal with Twitter Disney ABC?

Or are you a professional stalker? Again I don't even know what account you had on Twitter or who you are but you went on line & found 3 of My emails.

I'm human

I'm sick of this. Because I'm not fake. Im an actor. I'm creative. But I won't buy into being fake and perfect to be an actor.

You claim you were hunting Maga but now you are gang bullying me with a Maga who is the liar in this

You did fucking care what was going on in my life. That I wasn't sleeping. That I was sick and in pain. I start to move in the direction of acting again and you Two pop up to make me think suicide.

I do not ever Want to take a job that locks me in & prevents me from creating my own acting life

I have no obligation to keep anything you sent me private. You did not fecking care what was going on in my life when you sent me emails calling me a bitch & bragging about silencing me on Twitter.

I was fired from sets on lies. For complaining about abuse and toxic behavior.

Courtney lovell was on eli stone & bed time. Arne start was on bedtime & Grey's anatomy.

I everyone said bad behavior but with no details so you can make up what ever reasons after the fact. But I don't put up being being lied about.

I mean let's convive everyone i was toxic or horrible on sets but then expect to desperately look for jobs that have nothing to do with arts & acting or I should want to be in politics or law since I was in law for 3 years. But no.

I was getting emails from a lawyer I worked as a temp for one day in 2003 offering to help me & creeping me out. I found reviews for him on line calling him a horrible employer.

You are wasting my time knowing I said I had things I wanted to get done

I know how to behave lee & Cassandra. But I will not put up with lies & your games

I do not do things for fun. If I can't be a pro photographer it's not going to be my hobby. I don't try to do something unless I can fight to be excellent. I didn't go to law school and work as a news media producer to end up at some job that

I want sag aftra to start obeying the labor rights laws and stop just pretending to be a fair union that respects the constitution.

I don't emotionally blackmail anyone. If someone is honestly making me feel suicidal by abuse I'm not going to silent

I don't wall into an audition and say cast me or I'm going to kill myself.

I did kit get my sag card by saying I was suicidal

I earned sag aftra, but because i said if I couldn't be an actor ever again I'd feel suicidal I'm emotionally blackmailing the union or industry for the benefits & opportunities & my rights to be with the membership are being denied
I'm not demanding sag aftra get me jobs. Casting gets me the jobs and only if I audition & fit the role

I'm not trash and I'm sick of being shit on for being sick & losing My breasts.

I was being bullied and abused over & over. What do you think I was cast as sag because of my twitter comments? Because I recall going to auditions and getting the union roles I had

You did come after me Cassandra knowing I was in pain

I never ever talked suicide despite being abused by my dad over and over. My best friend knew though that I felt like life was crappy. School was the only place and doing my homework made me happy

Oh wait. I say that if I lost hope of acting I'd kill myself so the stupid heartless lawyers who figure I'm ugly and stupid & untalented
Took my benefits to prove I'm kidding & just trying to blackmail them emotionally?

I was on my own when I had cancer. I worked all through My mastectomy. I do not manipulate anyone. But I'm not going to be silent if someone is causing me pain

What you rather have Me do cassandra- thresten peoples lives. Do you want me tonsau stop abusing me or I'm going to kill you? I won't be pushed to hurt someone else. But My rage and anger isn't fucking blackmail. It's fucking honesty.

12.2 million Americans think suicidal thoughts.

I wrote a poem about how I felt

Sally. Lee is talking to this Cassandra taypir person in the UK. You do know I've been sick. I make typos. Plus my autocorrect & phone have been messed with. I have had a hard time even typing things. It's not a lie lee. It's a mistake. What I intended was "you are not my father." Do you realize how insane you are & Cassandra. I have never stalled anyone. I'm sick of this crap.

You to call Me a stalker. I'm not wasting my time hunting for your emails or accounts & posting on them. I did notice you had several Facebook pages. But you were insinuating i was stalking you. So I had to find out where you were to prove you are lying

Lee made some weird comment that he owns my Google?

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

I don't want a life with men who worship nra & guns

You are not qualified to put me on psych meds

I do not want to date or hang out with men in uniforms.

I just wanted to make a living and build an acting career lee.

It wasn't a hobby to me.

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

Eric Dane Luke Mably Rona Mitra
In 2011 I shot 2 sag shorts. One was ABS. A vampire horror film. Facebook gave me free add Dollars. So I targeted fans of vampire TV shows & Anne Rice in the cities where the short was playing. Oh wait that's crazy I'm to pathetic to Ned Vaughn & Eric Dane to be an actor.

In 2014 I file with nlrb because I'm tired of being abused

Luke mably did a vampire show. Gates in 2010. My friend Barry Caldwell worked crew on it. A girl from UK manages to win my trust. Then I realize she's a fan of Mably or maybe even knows him. I knew from Barry manly had a girlfriend. And I didn't know him & wasn't interested. The gates was 2010. 2011 I was shooting shorts. Terrified about the fact Disney blacklisted me. I didn't understand why . This UK woman I had on my FB page but she creeps me out talking to me about mably. I also liked the show combat hospital. Reminded me of mash. That show was on in 2011. I never posted anything about mably on my fb. I didn't care. I did come up with a weird poem song about that show. I was constantly writing poetry. I did poetry performances in LA.

.
The gates starred RONA Mitra. Mitra later was in the last ship with Eric Dane 2014. I'm being harassed on Facebook by a Luke mably account mimicking my Facebook page .. 2014 was the year I started being trolled by mikkeysanchez who uses a soccer ball avatar

Years ago a new Zealand TV show made fun of extras on Grey's anatomy calling them zombies. They also indicated Dane was a fan of new Zealand football/soccer.

One of the things the Luke mably account did. A photo of mably shooting himself in the head. It popped up in my Facebook "who you may know to connect with" box.

Cassandra who exactly are you doing this for? Are you a fan of rhimes UK show. I don't watch it.

She's sending me now multiple emails and yet im the abuser rather than responding to this chain here

I didn't lose my virginity until I was 23. I never did lsd like Blake shields. Or cocaine like Jeremy Gilbreathe. I've never had any addictions. I'm allergic to pot. I don't like wasting $ on alcohol and I could never handle liquor. More than 2 beers makes me vomit (]Probably my yeast allergy). More than one glass of wine I'm drunk & want to fall asleep. I was never a party animal with drugs & alcohol. The vids I posted with me drinking were probably the only time that month I drank. One video of me drinking and reciting a monolpgue and I'm a drunk to a troll.

I do not get into people's business. I do not pry into others lives. I have the cell phone number & emails of actors. I'm not going to give them to you or lee ryder. Oh wait I was an extra. I'm supposed to stay an extra. I'm trash because I was an extra. I don't look like a movie star & don't make myself look good every day I step outside so I'm not a professional. Because being a pro is all about looks but nothing about skil or traijkjc or even how you treat people.

I'd rather be a professional on normal grounds. Than these fascist grounds being pushed onto actors. I'm not going to be allowed with the membership ever because toxic actors like Eric dane & ben affleck want to think I'm a future school teacher or need to be in a mindless job because if I'm not physically perfect I can't possibly be human and an actor and talented. You lawyers with sag aftra are nazis. You Cassandra why are you obsessed with making me quit social media and quit being on line.

What do you want Cassandra to prove I'm normal. To prove I deserved all this. To show that I'm faking being a good person who would never cheat lie steal. I hate you so much If I was a bad person I would want to kill you. Is that what you want. I'm not normal to you because I should want to hurt others not say no I'm going to kill myself instead. I'm full of rage. That rage is never going away if I can't be on sets again & act

You want me to get a job. So I get hired by someone with $ to pay me to do what ever they want me to do and I can't do what ever I want during the time I'm working for them. I'm their tool. I'm their property. I'm owned and not allowed to do what I want to do to make money. What I enjoy

I don't want to dare a loser failed actor who isn't as smart as me. Or isn't as good a person as I am.

Stop calling me a liar Cassandra. I'm not. My intent when I say I'm suicidal isn't to manipulate. It's to say you need to stop abusing & bullying me because I'm so angry I could see myself hurting you- but I'm going to hurt myself instead. You can't comprehend that because you do not have my value system.

I have never asked my friends to cast me. Or said do this or I will kill myself. You are in the UK. Why the fuck do you care if I'm In pain or more to the point- why do you need to project your thoughts into my head

I have binders of academic achievements. I even got letters at SMC inviting me to join honor society. You are siding with celebs who do cocaine & cheat on their wives. A guy who would show up to set high on drugs & yet the industry kept him employed.

Barry Caldwell once invited me to set here in LA and I told him no. If I'm not working on the set I have no reason to be there. I wasn't one to intentionally hang around on a set if I wasn't working unless I was told to be there. David Lawrence invited me to the set of heroes & I said no. Though I said no because he was interested & I was not. I still don't want to be on sets just to hang out & look cool. I liked working.
Stop wasting my time & talent

.juliet Landau still responds to me. Is this about her shouting out to me at her UK premiere. I didn't stalk her. She found me on Facebook & liked me. FYI. One of the stars of her movie took acting workshops with me here in LA. I'm still friends with helene udy who was in those workshops.

Oh wait I worked as an extra. I'm supposed to stay background because I wasn't born in Cali & I didn't do acting In high school. I'm supposed to be delusional & think I'm going to be cast as a sexy leading lady. I'd rather be cast as a smart intellectual lead who isn't being a tool to show men as more important. I wouldn't want to play a bitch like the lead In Tar. I didn't like that film.

I didn't tell the casting agents hire me I have cancer or I'm going to kill myself. Jeremy gilbreathe molested me. He wanted me fired after he did that. Carol Grant knew I had the cancer. But I didn't ask her to hire me. I submitted like I had done already for 3 years. I was working full time & making a living on sets before getting cancer. By people knowing. I said working on sets was giving me hope to fight cancer. I was grateful for the work I was getting. I said no to the show 24 telling casting I had cancer. They said no to my no & insisted I do the show & work it out. Did you know that. I said to casting - look I know I'm picture picked but I have cancer & need surgery & 24 is one day over months. I'm not sure what's going to happen. I don't want to screw up the production.

If you did sag aftra thinking the only reason I got sag was threats. You know that's bull shit. I got my sag vouchers before I even knew I had cancer.

Nicole. I was at SMC from 2005 to 2017 & I was never interested in anyone there or dated anyone there.

I used to work at the national press building in DC. I met the guy who discovered the titanic. Access news net is in my credit history. I liked Blake shields. But if I found out he used drugs or was a cheater I'd losr interest as dating matetial no matter how famous he is. Once I was told he was in a relationship in 2007 I wasn't interested In going out with him. I probably would have said no to drinks as I wanted my career first and friendship. Sorry but I'm better a person than you are treating me

I'm tired of men thinking I want a relationship when I need my own life friends & work. Not ownership by some guy who needs my attention 24/7 or needs to control my body & life & own me. I have narcissistic parents. I'm their property. I don't want to be owned. I will not date men who are less educated or intelligent than I am. That just leads to being abused by said man. My dad hates it when I prove him wrong intellectually.

Another thing. I hate myself for being weak. For letting all this abuse effect me to the point I stopped doing yoga. I stopped meditating. I have to fight to want to eat because I'm sick of the limited diet I have let alone having somebody coming after me to make me quit being an actor

I will not date men I'd never dream of fucking. I don't care if men think I'm shallow for saying that. I hate men who don't work out eat right & also don't feed their brain.

Cassandra I have a copy of my account. I found its been tampered with. I found comments I did not make

Starting in 2014 with mikkey Sanchez I was relentlessly bullied. Click in replies

https://twitter.com/MikkeySanchez?t=5ntzHLUpRk7QTKqt2zonqQ&s=09

I reported that account. Twitter let 100s of comments like that Stay up.

You Cassandra came after Me for reaching to a stalker who would create an account. I'd report & block it. Then a few weeks would go by. A month. And a new account would get made & troll me again.

You assume I was emotionally blackmailing a stranger who was creating anonymous accounts. Also I found posts to Rob lowe & I have no idea why I commented to him. I have never really liked him.

FYI. Nicole. I have more honor and integrity than most. I would never steal. I don't cheat or lie. I hate cheaters and liars.

I did not express feelings of suicide to manipulate anyone. I was being bullied.

I wanted to audition to prove myself. I wanted to network to make friends with love minded artists & actors. I do not like men who wear suits and dress to be wall street. I never have. .

My father is fucking monster. A retired homeland agent. As a kid I was terrified of him. I couldn't tell anyone how my parents made me feel. So no one knew i was in pain. I think I said I wrote a suicide note at 10. But no one saw it. I write it. Tore it up. Kept going. My father yesterday told me he'd help me kill myself. That is what I'm dealing with. Anyone thinking let's slander Laura so no one will hire her on sets - she can just move Home. If I'm not am actor - I don't have a home.

This bitch Cassandra can't admit she has misjudged me. Needs to be right

I'm sick. You lawyers with sag aftra are heartless monsters. Your Gate keepers to who gets to be actors? Where are the rules in sag constitution that say you must be hot sexy & physically perfect & be wealthy & live in Beverly hills or we can deny you the opportunities of the union- no workshops with agents, no cheap acting classes, etc.

I am not interested in hanging out with lawyers scientists or accountants.

I have a theater degree & masters in performing arts.

I don't want to make my Maga parents happy. I don't want to live like it's 1950. I'm not just an extra.

I trained In editing. I trained in script writing. I'm phi beta kappa & mensa

I build my own websites. I have no employees & no one is helping me. But oh I'm a lazy selfish spoiled trust fund baby to Cassandra taylor. Clueless UK citizen who gets free medical care.

I did not learn how to wrote scripts or train in how to edit film to never be on film sets again

This is blacklisting. I was on set every day for 5 years. And now I'm a problem? I did student films at SMC. I even directed one I created the concept for & edited it myself.

I would never do anything nefarious.

Shon I am not violent or a republican. I voted for Obama. I am interested In doing casting even though I did an internship & worked in casting at American U

I don't have an std. I have a latex allergy. I didn't do anything to deserve this

I am not a liar

I was on my own In DC. I worked showing movie trailers in malls for a marketing company out of Philadelphia. I wrote papers on censorship & Droid morale.

You can be ugly & black & bully ugly white woman into losing their dreams and reasons for beating cancer

I did go to law school. I also fucking lost my breasts to cancer in 2005.

I was a grad student at American u. Not undergrad. I dated a recent graduate of American when I first moved to DC. But otherwise I dated grad students or working adults I met in DC & not college students. I kept my private life off the

undergraduate campus. I did know the actors in the undergraduate program as I worked with them as casting agent & organizing some events.

Only time I ever dated anyone younger was Jordan & Joseph dolezal. Jordan wasn't a planned date. I thought we were going to just talk & have pizza. I didn't want him. Hence why he apparently thought I was gay.

I never dated anyone at SMC

But let's just keep lying about me. I'm not trash.

**Subject:** Re: My status Nicole.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

I want honesty lee. I want true justice.

I don't think people who are liars and wealthy are smart. I think they are just vile.

I have told you we worked one show and you decided I shouldn't be on sets.

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

I don't want vacations. I don't want to be rich and famous.

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

I never ever want to work on Jesus freak projects. Anyone wanting to give Christianity a voice & shove faith based work down peoples throats I can be professional with but I will not have my name connected to Said projects. I came to hollywood to escape Gilead. Not be labelled a celebrity stalker?

Acting is not a hobby to me. & I'm not interested In being forced into slavery to survive at a job I'm going to hate.

I'm not going to work non union because you think I'm after being fucked by celebrities.

I did not go to AADA in 2006 & get a cert to make acting my hobby.

Lee ryder/kabarian is Maga. I'm not. Nor did I embrace my parents materialistic Christian values growing up. I do not care if you think that makes me a bigot lee. I want a sane world where people care about civil rights & science & positive art & stories. Not religious oligarchy.

I am not a criminal. I never hurt anyone.

You and crabtree Ireland are going to push me to suicide

I am not a stalker. I am an educated woman. I did go to law school

I want justice

I deserve due process.
When I had an accident on a set it was like someone smashed my knees with a hammer. It was a paramount set. Not Disney

I want to sue you Nicole for abuse and Intentional emotional distress.

I didn't hurt anyone. I didn't attack anyone.

I was molested.

Blacklisting In Cali is a crime. ..

That is my phone number. It's the number I've had listed with sag aftra since 2014. I don't do drugs. I don't typically scream at people.

Esai morales assaulted someone. You didn't stop him going to events.

I am not going to get Married. I haven't had sex since 2006. I do not have an std. I'm fed up with slander and this ostracization

I'm not going back to DC. I'm not getting a regular job

You read what I wrote assaf Cohen.

I don't care about leaving my apartment or getting out of bed if I don't have a future on sets & acting.

I hate GOP. I'm not the only sag aftra member who feels like that. I'm not a racist a nazi or criminally insane.

I'm vegan. Atheist.
I never wanted to run for sag aftra office

What did I do? I didn't do anything to deserve this. To have my dreams destroyed.

I need to know I'm to old or pathetic. I need to know that I'm just an extra?

Or I'm not 100% Israeli jew?

I'm crazy right? Assaf knew I was shooting chemical 13 when I met him at sag in 2011.
https://linktr.ee/lauraanntull

I will not care about having a future until I can be back with sag aftra. I will never make friends with people not into acting. I won't date if I don't have an acting career.

Jordan fucked me in his apartment in fall of 2003 after giving me wine & then refused to give me back my leather jacket that cost me 150 for weeks. Until he finally dropped it off at the house of a folio artist I knew in burbank. It was one night. I moved on. Told him to move on. I never saw him again, or as far as I know I didn't. Some blonde kid smashed my toe at next state theater in 2009.

I was involved with ponzio in 2004 but I didn't want to be fucked again. I didn't want to be used. I wanted friendship & trust. So I didn't get intimate with John & he moved on to Cynthia Youngblood.

I lost my breasts. I was molested by gilbreathe. I was not a problem on sets

I'm not interested in dating now. I don't fucking want to go to the movies with friends. I don't want to watch TV with anyone.

I don't want to do theater acting. I want to be in front of a camera when i act

I want to be beautiful again so I can be cast. Not so I can be fucked and owned.

I'm not allowed to think anymore or dream anymore or work to achieve what I want.

Sorry you are banned have a great life?

I am not going to move on. I'm not going to go away.

You can be ugly & black & bully ugly white woman into losing their dreams and reasons for beating cancer

I did go to law school. I also fucking lost my breasts to cancer in 2005.

I was a grad student at American u. Not undergrad. I dated a recent graduate of American when I first moved to DC. But otherwise I dated grad students or working adults I met in DC & not college students. I kept my private life off the undergraduate campus. I did know the actors in the undergraduate program as I worked with them as casting agent & organizing some events.

Only time I ever dated anyone younger was Jordan & Joseph dolezal. Jordan wasn't a planned date. I thought we were going to just talk & have pizza. I didn't want him. Hence why he apparently thought I was gay.

I never dated anyone at SMC

But let's just keep lying about me. I'm not trash.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

We Didn't meet eating lunch lee. We met on set when I was told by crew to stand with you by your car that you rented. We never had lunch together. We only met for ten minutes but for some reason Mike lovern included your email in conversations with Arne Star after I was blacklisted in which you & Mike told me you knew my father and something about cia.

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

I don't think people who are liars and wealthy are smart. I think they are just vile.

I have told you we worked one show and you decided I shouldn't be on sets.

I beat cancer in 2005 only to have every reason I fought to live taken away by 2008.

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

I don't want vacations. I don't want to be rich and famous.

I just wanted to make a living and build an acting career lee.

It wasn't a hobby to me.

No lee. I'm not a psycho. I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

Acting is not a hobby to me. & I'm not interested In being forced into slavery to survive at a job I'm going to hate.

I'm not going to work non union because you think I'm after being fucked by celebrities.

I did not go to AADA in 2006 & get a cert to make acting my hobby.

Lee ryder/kabarian is Maga. I'm not. Nor did I embrace my parents materialistic Christian values growing up. I do not care if you think that makes me a bigot lee. I want a sane world where people care about civil rights & science & positive art & stories. Not religious oligarchy.

I hate Catolic Law school for supporting misogynist sexist asswholes currently on Scotus

I am not into patent law. I don't have the background for it.

I spent 5 years working on sets to earn sag aftra so u could work on sets for the rest of my life. Because I'd rather pretend to be other people all the time than be stuck in an office where I'm not allowed to use my imagination or be

creative

I can't do acting professionally I will hate lawyers & legal profession.

I was the ABA rep of Catholic law & if catholic wants me to live then they let me be an actor.

Tim said to me what do I need sag aftra for. I hate people who treat acting like it's a hobby. It's a profession. It's an art. I will not care about using me art to manipulate people in court to win cases. I hate court. I hate legal profession.

I have a yeast allergy so if I wear a suit I start smelling like cheese Tim. I'm not going to work in a law office or hang out with lawyers. Not if no one will fight for me to have the benefits I earned to be in sag aftra

My soulmate or closest I had to one was Chris Patrick at McDaniel college. An actor. Lead in every production he auditioned for. He was the closest thing I ever had to a guy best friend.

I needed LDN. I can't sleep without it. I'm sick of bad medicine. Drugs with side effects but with big bucks behind them. Ldn helps me. I have life threatening allergies.

But what i got was my pharmacy referring me to a catholic hispital doctor 2 hour bus ride away.

I fucking busted my knee in law school. It's still busted. I got $35000 but after my insurance company took 10000 & mynlaeter took his I got $14000 & I had medical bills & a busted knee to take care of. Cali the rest if the country doesn't have million dollar law suits for car injuries or in general. Maryland is not a state where a slip & fall leads to a fortune. I was fucking in pain. Almost failed 2 classes. You asswholes made comments about how I could Make millions when I knew that wasn't true. I loved running & playing basketball and being active. Suddenly walking fucking hurt

I fucking wouldn't cause an accident on a set to lose anything else. I needed exercise after cancer. I'm fucking disabled because I was bullied so much I stopped wanting to get out of bed. I dont have hobbies I enjoy. Hobbies are apparently activities you don't need to do but just do for fun. Well I'm never going to love my job or work or fuckibg care now about getting good grades or doing a good job. I was an A student. I can't run road races anymore. I can dance. But not like I used to. I don't want a spiritual community. I want a fucking acting community. Or fecking. I seriously wouldn't say fuck but you won't let me hsve control over my life and I don't love life if I can't be a working actor.

now lee & Cassandra are flooding my email with the 2 of them criticizing me. I'm not participating.

Ned Vaughn ran the meeting in 2012. Mr GOP.

I've been criticized by a guy who works on ncis who I emailed in December about gilbreathe. I'm wondering if he's GOP.

My father called me a socialist.

I'm terrified to try to audition to get cast for fear even if I did you the union would say you can't cast her. You should cast one of our regularly working celebs instead.

It's one thing to tell me you will help me with contracts. What contracts. I'm not going to be a lawyer. I suck at law. I quit in 2002. I'm better at playing a lawyer on TV than at being one..

What do you mean you will help me with contracts? I'm not going to be a producer. I don't have any $ to do that. Unless the contract is to Hire me as an actor there will be no contracts. I feel like you'd tell them no. Don't hire her. After all if some guy pissy grabs me I might tell everyone. If I'm molested or sexually harassed i might speak out. The last thing you want is an actress who speaks out about abuse.

She paid me $150 a night for 2 nights to do still photography for her & I digitally developed the images for her. I still have the original dng files. It was a music video.

IMDb bio for Kwanza Jones

So I've been a paid photographer and paid journalist. But i am sick of people trying to Make me do weddings or something else. I can't survive. Connect. Make friends. Lee this is you. Army navy high school. Montana. Your wife filled for divorce 2x. What did you do?

Do you know Russel Dean?

You went to military school. Served in Afghanistan. So you think you deserve an acting career. Yes I now know you did some theater. I went to law school therefor I'm required to serve the constitution even if it traumatized me & causes me mental & physical harm. Even though I have a theater degree & masters.

You want liberal democrats like me exterminated.

You are delusional. I don't like you. I like emotional men who are mentally healthy & not belligerent and narcissistic

I don't break rules. I like men who read books. Not men who shoot guns.

Nicole the only help I want from you is if I get hired to be an actor. I'm not going to be producing like Jordan marks because I wasn't born to family who could afford to let me jet set between Hawaii & Cali.

Jordan was into wine back in 2003. His room mare bought him wine. It was his wine we drank. Not mine.

I'm not a slut. I'm not trash. I don't want trump military jug heads emailing Me anymore

I don't smoke. I hated drinking beer. I rarely bought alcohol. Videos of me drinking on youtube. I actually wanted to know what i looked like drunk. I can't handle alcohol. I haven't had any since 2014.

If your telling me the only contracts you will help Me with are ones where I produce them. "Feck" you. You need to make millions like Jordan or slut yourself put to a Rich man because we won't let you get hired to act. You can't have it easy. We need do to make sure only the prettiest perfect Hitler perfect race actors get hired. Forget about the ADA or women's rights.

I hate men who only care about $ acting is my thing. Not producing & being a business tycoon.

I have script ideas. But I am not going to be able to make them if I can't network to connect to people with the resources to help

I have a masters in performing arts & there are alumini of American working on sets. I even met once a VP of paramount studios.

I fucking hate snotty rich pretty people.

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

I don't want a life with men who worship nra & guns

If you Mike & government have anything to do with how sag aftra treated Me. You cost my partents over 150000 because I was making my own $ on sets and not taking from then in 2007. I had an autoimmune disease. Cutting me off sets and taking me out of entertainment industry took away the only reason I liked America & being alive

I want my life back and I want to be known for working hard on sets & being hirable as an actor.

I would rather be dead than become my mother a broken stupid Bible loving slave codependent on a Neanderthal.

You are not qualified to put me on psych meds

I do not want to date or hang out with men in uniforms.

I do not need you telling me I need medication.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

I don't think people who are liars and wealthy are smart. I think they are just vile.

I have told you we worked one show and you decided I shouldn't be on sets.

I never ever want to work on Jesus freak projects. Anyone wanting to give Christianity a voice & shove faith based work down peoples throats I can be professional with but I will not have my name connected to Said projects. I came to hollywood to escape Gilead. Not be labelled a celebrity stalker?

Acting is not a hobby to me. & I'm not interested In being forced into slavery to survive at a job I'm going to hate.

I'm not going to work non union because you think I'm after being fucked by celebrities.

I did not go to AADA in 2006 & get a cert to make acting my hobby.

Lee ryder/kabarian is Maga. I'm not. Nor did I embrace my parents materialistic Christian values growing up. I do not care if you think that makes me a bigot lee. I want a sane world where people care about civil rights & science & positive art & stories. Not religious oligarchy.

I'm never doing background again. I'm worth more than that.

I wish people would recognize that women acting like they deserve acting because they are pretty is just as misogynist as men treating unattractive women as objects to do their laundry.

I was a theater honor student. I'm Mensa. I just won the house cup. Again. For Harry potter puzzles..

Also I would not pay to get my kids into college. My parents didn't do that. My mother worked nights at GBMC medical As a nurse. My dad was customs on gay street In blackmore.

I'm tired of being judged on how I look and not how smart I am or capable. I'm sick & tired of lies I have bad behavior & people believing it because I won't bow to sexist behavior or to abusers. I worked on sets for 5 years everyday. I got cast despite not being blonde & perfect.

Unlike some of your members. I didn't hire someone to cheat for me. My parents didn't do my homework. My mother wasn't smart enough to help me. She grew up on a farm. I grew up in Lutherville & not Beverly hills. I cooked My own food & cleaned my own room.

I have an incurable autoimmune disease. This is abuse by you & sag aftra

If I managed to get a sag aftra job you would probably tell them not to hire me or suggest a named actor for the role.

I hate GOP. I'm not the only sag aftra member who feels like that. I'm not a racist a nazi or criminally insane.

I'm vegan. Atheist.
I never wanted to run for sag aftra office

What did I do? I didn't do anything to deserve this. To have my dreams destroyed.

I need to know I'm to old or pathetic. I need to know that I'm just an extra?

Or I'm not 100% Israeli jew?

I'm crazy right? Assaf knew I was shooting chemical 13 when I met him at sag in 2011.

I will not care about having a future until I can be back with sag aftra. I will never make friends with people not into acting. I won't date if I don't have an acting career.

Thats Assaf Cohen with Jeremy Piven. I was tripped in 2008 on a Jeremy Piven set. I did not cause that accident to sue. I think that is stupid. I hate the show better call Saul? I had an accident in 1997. It toll years for me to recover from that. Let alone risking being hurt.

work as a waitress. I have a hard time dealing with crowds.

I worked hard for my union card only to spend a decade bring slandered.

I tried to register to go to sag award events. It won't let me

What is it you think I did? Because I've never cheated on a test. I have no criminal record. I'm not a lesbian. I'm not into dating younger or older men. I have been celibate since 2006.

What I got on by being background therefor you have the right to treat Me like im not a legitimate member? Really? But I also hot my 1st SAG audition. I have more than extras credits. You know it.

Cassandra. I'm going to send mail chimps. I want to market myself. If someone doesn't want them they can unsubscribe. I'm tired of being treated like I don't have the right to connect to people.

You are policing my free speech from the UK where I do not live.

If someone doesn't want my emails they should tell me. Not you. Are you a lawyer representing someone I'd that it? Is this how UK lawyers act? Sending email after email to what? Psychologically abuse me into silence. .

The only reason I want to exist is to have my voice heard

If I was capable of being rude and agressive I'd be a lawyer.

You Cassandra are a misogynist bitch. Don't you get it. I'm going to keep sharing your emails in this chain until you shut up.

At the sag meeting in 2012 I stood in line to speak & other people kept butting in front of me. Union extras. Probably friends of gilbreathe. In fact I now know one of them was.
Peter Kwong was one of the rude sag members who butted In front of me. He's now being directed by Jeremy.
IMDb: : Hungry
https://www.imdb.com/title/tt11621958/

When I finally got to the mic it was shut off & so I yelled one thing.

During the entire meeting there were men yelling out of turn. It was a circus.

I was not overtly rude. But no actress should put up with being treated like an object or tool. It's fucked up that sag aftra let's anyone be abused in the industry

I looked out for others & wanted to do my job & be left alone. If we were not supposed to talk it's not rudeness. It's feckimg respecting the rules of being on a set.

Which one of you is filling my emails with GOP crap. I unsubscribe. I blocked. But I also am keeping a record of that abuse

This is all about my first mail chimp that git sent to everyone in my Gmail. Somehow I had emails in my Gmail I didn't know I had. That was an accident

Leave me alone you militaristic uncouth toxic black kettle Cassandra Taylor

I send this to multiple people because I want there to be a record of this. I want the world to know I stood up to deceptive manipulative controlling natcuscists. That I will not give in to people lying about me or abusing me. I apologize when it's due.

I got an email from Arne Star saying that i had committed a crime by posting his emails. As far as I knew I had not. I had no fiduciary agreement with him. I was not his lawyer. It wasn't a crime. It was a civil infraction.

But arne was lying about me. He told people I hated them because of their religion. I thought he meant scientology. Now i wonder if it wasnt Christians because I rejected a girl as a friend who freaked me out speaking in tongues. It was scary she suddenly acted like a demon possessed ouf of supernatural & she was text message harassing me. I worked with her on Nixon & didn't even think that it might have been her & not scientology until the recent news about Christian nationalism. He also emailed me that he thought I was schizophrenic but I was not

I'm a sensitive creative artistic person. I've been breaking Down into tears because of what you are doing

You think I'm rude.

I feel like you are trying to train me to be a mindless drone Cassandra. If I want to speak my mind I will speak my mind when appropriate. But I didn't get an education to be abused into silence. I want to build a fan base to be an actor. Your telling me you have the right to stop be emailing anyone

Keep your fecking class system in the UK. In the US I have been repeatedly told I'm one of the best. It's disgusting that Cali supports manipulative bullies like Carrie finklea who was degrading & abusive to me because I was older. From the beginning she wanted me to know i was just an extra. ..no one is fecking just an extra.

I'm sick of your pathetic pretense of being a great guy lee. I know you are not

I Hate toxic white misogynist Maga America

I was doing beach clean ups and street clean ups. Helping feed the homeless by cooking vegan meals

You want me to find a job to make $ so I can help people with $ I am so traumatized I don't want to even get out of bed.

Angela protected the guy who molested me & his wife so they could build a life

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee. Working on sets was my job. Not Me taking a day off to have fun on a set

You and Angelina are not innocent in this.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

I do not need you telling me I need medication.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

We Didn't meet eating lunch lee. We met on set when I was told by crew to stand with you by your car that you rented. We never had lunch together. We only met for ten minutes but for some reason Mike lovern included your email in conversations with Arne Star after I was blacklisted in which you & Mike told me you knew my father and something about cia.

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

I don't think people who are liars and wealthy are smart. I think they are just vile.

I have told you we worked one show and you decided I shouldn't be on sets.

I beat cancer in 2005 only to have every reason I fought to live taken away by 2008.

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

I don't want vacations. I don't want to be rich and famous.

I just wanted to make a living and build an acting career lee.

I'm a woman who has no interest in being forced by you my parents or the DOJ to go to church & be a good little America & get a job I'm going to hate so on my days not working I can be depressed & have to take drugs just so I don't kill myself. Because when we met on Cloverfield in 2007 I was fucking happy. But you wrote on youtbe I was unprofessional. But you didn't specify how or why.
Did you know I worked on Carnival & hbo had me on their website? Did you know the medic on Cloverfield knew me from Carnival. What you thought was unprofessional was crew people who knew me for years looking out for me because I had been on sets and built a relationship with them.

You can see you & me in a scene in the making of Cloverfield but you email me all. I did was sit in holding. That wasn't true

I'm tired of your gop Maga Christian patriarchal insanity. I'm sick of living in a country where I was told I could work to do anything, only to find I'm not allowed to work to be an actor.

I'm not a psycho. I'm not crazy. Acting isn't a hobby to me. I don't have any hobbies because I don't care about wasting my time. But now I don't have a future acting or being on sets. I don't care about being useful. I am not interested in living to make $

You Arne Star & Mike lovern & Disney are going to push me to bring psycho. You have helped make me mentally ill.

I don't want a man to love me. I want what I earned back. The respect of the crew I worked with for years before you came along. Before gilbreathe molested me

You didn't even know I had cancer. I told you I was a Democrat & that was enough to tell you I wasn't deserving to be on sets.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

I would rather be dead than become my mother a broken stupid Bible loving slave codependent on a Neanderthal.

You are not qualified to put me on psych meds

I do not want to date or hang out with men in uniforms.

I do not need you telling me I need medication.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

Blood Money. Michael lovern now has a credit for it? I was on that set to. It's an AFI film. That's the set where I met David H Lawrence & he asked me out. I don't remember lovern being there but if he was I probably was avoiding him. It was period & I spent most of my time with the hair makeup lady. She did my hair with these very cool rubber curlers. I loved them so much I bought a set.

IMDb bio for Michael Lovern
https://www.imdb.com/name/nm2831736/

David later sent me a photo of myself on set one of the set photographers had taken or maybe he had taken it. It showed me standing at the bar alone holding a drink.

David later got cast on heroes & called me up to go visit him on set & I turned him down. I was working I think a commercial. But I would have turned him down anyways. I felt like he didn't accept my no as a no.

If I was capable of being rude and agressive I'd be a lawyer.

You Cassandra are a misogynist bitch. Don't you get it. I'm going to keep sharing your emails in this chain until you shut up.

At the sag meeting in 2012 I stood in line to speak & other people kept butting in front of me. Union extras. Probably friends of gilbreathe. In fact I now know one of them was.
Peter Kwong was one of the rude sag members who butted In front of me. He's now being directed by Jeremy.
IMDb: : Hungry
https://www.imdb.com/title/tt11621958/

When I finally got to the mic it was shut off & so I yelled one thing.

During the entire meeting there were men yelling out of turn. It was a circus.

I was not overtly rude. But no actress should put up with being treated like an object or tool. It's fucked up that sag aftra let's anyone be abused in the industry

I looked out for others & wanted to do my job & be left alone. If we were not supposed to talk it's not rudeness. It's feckimg respecting the rules of being on a set.

Which one of you is filling my emails with GOP crap. I unsubscribe. I blocked. But I also am keeping a record of that abuse

This is all about my first mail chimp that git sent to everyone in my Gmail. Somehow I had emails in my Gmail I didn't know I had. That was an accident

Leave me alone you militaristic uncouth toxic black kettle Cassandra Taylor

I send this to multiple people because I want there to be a record of this. I want the world to know I stood up to deceptive manipulative controlling natcuscists. That I will not give in to people lying about me or abusing me. I apologize when it's due.

I got an email from Arne Star saying that i had committed a crime by posting his emails. As far as I knew I had not. I had no fiduciary agreement with him. I was not his lawyer. It wasn't a crime. It was a civil infraction.

But arne was lying about me. He told people I hated them because of their religion. I thought he meant scientology. Now i wonder if it wasnt Christians because I rejected a girl as a friend who freaked me out speaking in tongues. It was scary she suddenly acted like a demon possessed ouf of supernatural & she was text message harassing me. I worked with her on Nixon & didn't even think that it might have been her & not scientology until the recent news about Christian nationalism. He also emailed me that he thought I was schizophrenic but I was not

I'm a sensitive creative artistic person. I've been breaking Down into tears because of what you are doing

You think I'm rude.
I feel like you are trying to train me to be a mindless drone Cassandra. If I want to speak my mind I will speak my mind when appropriate. But I didn't get an education to be abused into silence. I want to build a fan base to be an actor. Your telling me you have the right to stop be emailing anyone

Keep your fecking class system in the UK. In the US I have been repeatedly told I'm one of the best. It's disgusting that Cali supports manipulative bullies like Carrie finklea who was degrading & abusive to me because I was older. From the beginning she wanted me to know i was just an extra. ..no one is fecking just an extra.

You need to leave me the fuck alone.

I was doing beach clean ups and street clean ups. Helping feed the homeless by cooking vegan meals

You want me to find a job to make $ so I can help people with $ I am so traumatized I don't want to even get out of bed.

Angela protected the guy who molested me & his wife so they could build a life

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee. Working on sets was my job. Not Me taking a day off to have fun on a set

You and Angelina are not innocent in this.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

I don't think people who are liars and wealthy are smart. I think they are just vile.

I have told you we worked one show and you decided I shouldn't be on sets.

I beat cancer in 2005 only to have every reason I fought to live taken away by 2008.

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

I don't want vacations. I don't want to be rich and famous.

I just wanted to make a living and build an acting career lee.

Peter Kwong was one of the rude sag members who butted In front of me. He's now being directed by Jeremy.
IMDb: : Hungry

When I finally got to the mic it was shut off & so I yelled one thing.

During the entire meeting there were men yelling out of turn. It was a circus.

I was not overtly rude. But no actress should put up with being treated like an object or tool. It's fucked up that sag aftra let's anyone be abused in the industry

I looked out for others & wanted to do my job & be left alone. If we were not supposed to talk it's not rudeness. It's feckimg respecting the rules of being on a set.

Which one of you is filling my emails with GOP crap. I unsubscribe. I blocked. But I also am keeping a record of that abuse

This is all about my first mail chimp that git sent to everyone in my Gmail. Somehow I had emails in my Gmail I didn't know I had. That was an accident

Leave me alone you militaristic uncouth toxic black kettle Cassandra Taylor

I send this to multiple people because I want there to be a record of this. I want the world to know I stood up to deceptive manipulative controlling natcuscists. That I will not give in to people lying about me or abusing me. I apologize when it's due.

I got an email from Arne Star saying that i had committed a crime by posting his emails. As far as I knew I had not. I had no fiduciary agreement with him. I was not his lawyer. It wasn't a crime. It was a civil infraction.

But arne was lying about me. He told people I hated them because of their religion. I thought he meant scientology. Now i wonder if it wasnt Christians because I rejected a girl as a friend who freaked me out speaking in tongues. It was scary she suddenly acted like a demon possessed ouf of supernatural & she was text message harassing me. I worked with her on Nixon & didn't even think that it might have been her & not scientology until the recent news about Christian nationalism. He also emailed me that he thought I was schizophrenic but I was not

I'm a sensitive creative artistic person. I've been breaking Down into tears because of what you are doing

You think I'm rude.
I feel like you are trying to train me to be a mindless drone Cassandra. If I want to speak my mind I will speak my mind when appropriate. But I didn't get an education to be abused into silence. I want to build a fan base to be an actor. Your telling me you have the right to stop be emailing anyone

Keep your fecking class system in the UK. In the US I have been repeatedly told I'm one of the best. It's disgusting that Cali supports manipulative bullies like Carrie finklea who was degrading & abusive to me because I was older. You want me to find a job to make $ so I can help people with $ I am so traumatized I don't want to even get out of bed.

Angela protected the guy who molested me & his wife so they could build a life

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee. Working on sets was my job. Not Me taking a day off to have fun on a set

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

Blake shields Is an LSD user & I was contacted by a woman who said she knew Blake in high school. He had a break down of some kind. They had to put him on medication. Either for lsd or for schizophrenia. I never had a break down in high school or college. Only drank alcohol & wasn't a big drinker. I had a GPA in theater of 3.6 In college.

She also told me some disturbing things about his parents. She knew his parents name. Where Blake went to school. I'm inclined to believe her. Blake has now openly said Hr did lsd

I don't want to date men with drug problems. I was not interested in Blake post 2007. I was not looking to date anyone. I wanted to be an actor. I'm not looking for a job. Because here are no jobs I want to be trapped in for the rest of my life if I'm never going to be allowed to make movies or be on sets because someone is discriminating against Me & blacklisting me.
I will never want to work in an office and wear a suit and be a mindless corporate drone. I don't want to have to spend the rest of my life acting like I'm happy. Pretending I feel successful because I have $

I didn't stalk anyone. But now I wonder if David h Lawrence was trying to make me look like a stalker when he was creeping me out.

If I was capable of being rude and agressive I'd be a lawyer.

You Cassandra are a misogynist bitch. Don't you get it. I'm going to keep sharing your emails in this chain until you shut up.

At the sag meeting in 2012 I stood in line to speak & other people kept butting in front of me. Union extras. Probably friends of gilbreathe. In fact I now know one of them was.
Peter Kwong was one of the rude sag members who butted In front of me. He's now being directed by Jeremy.
IMDb: : Hungry
https://www.imdb.com/title/tt11621958/

When I finally got to the mic it was shut off & so I yelled one thing.

During the entire meeting there were men yelling out of turn. It was a circus.

I was not overtly rude. But no actress should put up with being treated like an object or tool. It's fucked up that sag aftra let's anyone be abused in the industry

I looked out for others & wanted to do my job & be left alone. If we were not supposed to talk it's not rudeness. It's feckimg respecting the rules of being on a set.

Which one of you is filling my emails with GOP crap. I unsubscribe. I blocked. But I also am keeping a record of that abuse

This is all about my first mail chimp that git sent to everyone in my Gmail. Somehow I had emails in my Gmail I didn't know I had. That was an accident

Leave me alone you militaristic uncouth toxic black kettle Cassandra Taylor

I send this to multiple people because I want there to be a record of this. I want the world to know I stood up to deceptive manipulative controlling natcuscists. That I will not give in to people lying about me or abusing me. I apologize when it's due.

I got an email from Arne Star saying that i had committed a crime by posting his emails. As far as I knew I had not. I had no fiduciary agreement with him. I was not his lawyer. It wasn't a crime. It was a civil infraction.

But arne was lying about me. He told people I hated them because of their religion. I thought he meant scientology. Now i wonder if it wasnt Christians because I rejected a girl as a friend who freaked me out speaking in tongues. It was scary she suddenly acted like a demon possessed ouf of supernatural & she was text message harassing me. I worked with her on Nixon & didn't even think that it might have been her & not scientology until the recent news about Christian nationalism. He also emailed me that he thought I was schizophrenic but I was not

I'm a sensitive creative artistic person. I've been breaking Down into tears because of what you are doing

You think I'm rude.
I feel like you are trying to train me to be a mindless drone Cassandra. If I want to speak my mind I will speak my mind when appropriate. But I didn't get an education to be abused into silence. I want to build a fan base to be an actor. Your telling me you have the right to stop be emailing anyone

Keep your fecking class system in the UK. In the US I have been repeatedly told I'm one of the best. It's disgusting that Cali supports manipulative bullies like Carrie finklea who was degrading & abusive to me because I was older. From the beginning she wanted me to know i was just an extra. ..no one is fecking just an extra.

I am not property Lee. I am a slave. Fuck corporate asswholes. No one will touch my resume then.

I will not take a job against my will that I do not want.

We Didn't meet eating lunch lee. We met on set when I was told by crew to stand with you by your car that you rented. We never had lunch together. We only met for ten minutes but for some reason Mike lovern included your email in conversations with Arne Star after I was blacklisted in which you & Mike told me you knew my father and something about cia.

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

I don't think people who are liars and wealthy are smart. I think they are just vile.

I have told you we worked one show and you decided I shouldn't be on sets.

I beat cancer in 2005 only to have every reason I fought to live taken away by 2008.

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

I don't want vacations. I don't want to be rich and famous.

I just wanted to make a living and build an acting career lee.

It wasn't a hobby to me.

Shon Wilson went to boarding Schools. So when she told me that I could be blacklisted by sag aftra it was because she had her career handed to her right? Looking at her imdb she worked with American U alumni.

I had to work as background for over a year to earn my SAG card. I didn't call in favors or buy my way in. Or use nepotism. I worked on sets from 2003 to 2008 and I don't ever want to be a has been actor.

She thought I'd be happy going Home because she doesn't understand having parents who don't give you the best

Mikkey Sanchez my troll said they had the best. They were given the best schools. I'm not white privledged. But I'm not nothing. I was one of the best students in Maryland. Because I worked & earned it. I was raised right. But not by My parents. But by a scho system that from what I've experienced is far better than Cali. No one cheated without punishment. And I never saw a cop car in my neighborhood growing up.

That's the house I grew up in. There used to be a tree there that bush is. The tree by the drive way - cheery blossom. It would flower every April. My parents sold it in 1995? Moved to Arizona. I hate AZ.

David later sent me a photo of myself on set one of the set photographers had taken or maybe he had taken it. It showed me standing at the bar alone holding a drink.

David later got cast on heroes & called me up to go visit him on set & I turned him down. I was working I think a commercial. But I would have turned him down anyways. I felt like he didn't accept my no as a no.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

Nicole you went to law school in SILICONE VALLEY. https://apps.calbar.ca.gov/attorney/Licensee/Detail/233212

Do you know Jrdan Marks or his employer the ORACLE HEIRESS. I say that because ORACLE is run by a TRUMP SUPPORTER who also is buds with ELON MUSK and TOM CRUISE.
Jordan I knew as an extra on DEADWOOD and he knew I went to law school. One of the other girls on the show, her husband was a lawyer and he did a background check on me. They knew i went to law school back in 2003.

New to you I am not required to be a practicing lawyer even if I went to law school and passed the bar Ifl cna not hangdle it and am never going to be tr5uned into a bettre CALL SAUL deceptive lawyer.

I get thrown into an institution for saying I went to law school but I also said I never practiced.

Your psychological games trying to lesson me on how to behave are a waste. I do not want to be friends with Cassandra or Lee. I don't want to create content they would approve of. .

If someone doesn't want my emails they should tell me. Not you. Are you a lawyer representing someone I'd that it? Is this how UK lawyers act? Sending email after email to what? Psychologically abuse me into silence. .

The only reason I want to exist is to have my voice heard

If I was capable of being rude and agressive I'd be a lawyer.

You Cassandra are a misogynist bitch. Don't you get it. I'm going to keep sharing your emails in this chain until you shut up.

At the sag meeting in 2012 I stood in line to speak & other people kept butting in front of me. Union extras. Probably friends of gilbreathe. In fact I now know one of them was.
Peter Kwong was one of the rude sag members who butted In front of me. He's now being directed by Jeremy.
IMDb: : Hungry

When I finally got to the mic it was shut off & so I yelled one thing.

During the entire meeting there were men yelling out of turn. It was a circus.

I was not overtly rude. But no actress should put up with being treated like an object or tool. It's fucked up that sag aftra let's anyone be abused in the industry

I looked out for others & wanted to do my job & be left alone. If we were not supposed to talk it's not rudeness. It's feckimg respecting the rules of being on a set.

Which one of you is filling my emails with GOP crap. I unsubscribe. I blocked. But I also am keeping a record of that abuse

This is all about my first mail chimp that git sent to everyone in my Gmail. Somehow I had emails in my Gmail I didn't know I had. That was an accident

Leave me alone you militaristic uncouth toxic black kettle Cassandra Taylor

I send this to multiple people because I want there to be a record of this. I want the world to know I stood up to deceptive manipulative controlling natcuscists. That I will not give in to people lying about me or abusing me. I apologize when it's due.

I got an email from Arne Star saying that i had committed a crime by posting his emails. As far as I knew I had not. I had no fiduciary agreement with him. I was not his lawyer. It wasn't a crime. It was a civil infraction.

But arne was lying about me. He told people I hated them because of their religion. I thought he meant scientology. Now i wonder if it wasnt Christians because I rejected a girl as a friend who freaked me out speaking in tongues. It was scary she suddenly acted like a demon possessed ouf of supernatural & she was text message harassing me. I worked with her on Nixon & didn't even think that it might have been her & not scientology until the recent news about Christian nationalism. He also emailed me that he thought I was schizophrenic but I was not

I'm a sensitive creative artistic person. I've been breaking Down into tears because of what you are doing

You think I'm rude.
I feel like you are trying to train me to be a mindless drone Cassandra. If I want to speak my mind I will speak my mind when appropriate. But I didn't get an education to be abused into silence. I want to build a fan base to be an actor. Your telling me you have the right to stop be emailing anyone

Keep your fecking class system in the UK. In the US I have been repeatedly told I'm one of the best. It's disgusting that Cali supports manipulative bullies like Carrie finklea who was degrading & abusive to me because I was older. From the beginning she wanted me to know i was just an extra. ..no one is fecking just an extra.

Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. It's a rather mundane thing, a perk of being insured. But given my role in the movie and how prominent I was, production did indeed provide me with a car for subsequent scenes as my (not my ex's) car wasn't suitable for their needs.
You have no clue idea about that shoot, for example, for my month of time on set I was put up in a hotel and getting a per diem and golden time.
See Ms Tull, you don't know a damn thing. You're as nasty as the excretions from a vaginally yeast infection.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

If you Mike & government have anything to do with how sag aftra treated Me. You cost my partents over 150000 because I was making my own $ on sets and not taking from then in 2007. I had an autoimmune disease. Cutting me off sets and taking me out of entertainment industry took away the only reason I liked America & being alive

I want my life back and I want to be known for working hard on sets & being hirable as an actor.

I would rather be dead than become my mother a broken stupid Bible loving slave codependent on a Neanderthal.

You are not qualified to put me on psych meds

I do not want to date or hang out with men in uniforms.

I do not need you telling me I need medication.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

We Didn't meet eating lunch lee. We met on set when I was told by crew to stand with you by your car that you rented. We never had lunch together. We only met for ten minutes but for some reason Mike lovern included your email in conversations with Arne Star after I was blacklisted in which you & Mike told me you knew my father and something about cia.

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

I don't think people who are liars and wealthy are smart. I think they are just vile.

I have told you we worked one show and you decided I shouldn't be on sets.

I beat cancer in 2005 only to have every reason I fought to live taken away by 2008.

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

I don't want vacations. I don't want to be rich and famous.

I just wanted to make a living and build an acting career lee.

Cassandra. Innocent. Shon Wilson didn't know I went to law school post grad. I don't even think she knew I was a grad student as we were in one acting class together & i was in it as a grad student. Possibly the only one. She tells me the union can blacklist me.

Who are you Cassandra?. You are not normal.

I'm aggressive?

You are the one who is rude. And my including other people. I will not let this Imjustice be in the dark

I have the right to speak out

I will not shut up until I have the right to be back in the sag aftra building & take classes & acting workshops with everyone else

If you were the Quern of England and told me I can't be an actor. I'd tell you feck you. I'm an actor. You don't own me.

You have never met me Cassandra.

You read what I right and decide what you want to believe.

FYI. California is corrupt. They protected their own institution of education

You have no right to express an opinion of me.

She thought I'd be happy going Home because she doesn't understand having parents who don't give you the best

Mikkey Sanchez my troll said they had the best. They were given the best schools. I'm not white privledged. But I'm not nothing. I was one of the best students in Maryland. Because I worked & earned it. I was raised right. But not by My parents. But by a scho system that from what I've experienced is far better than Cali. No one cheated without punishment. And I never saw a cop car in my neighborhood growing up.

That's the house I grew up in. There used to be a tree there that bush is. The tree by the drive way - cheery blossom. It would flower every April. My parents sold it in 1995? Moved to Arizona. I hate AZ.

The only reason I want to exist is to have my voice heard

If I was capable of being rude and agressive I'd be a lawyer.

You Cassandra are a misogynist bitch. Don't you get it. I'm going to keep sharing your emails in this chain until you shut up.

At the sag meeting in 2012 I stood in line to speak & other people kept butting in front of me. Union extras. Probably friends of gilbreathe. In fact I now know one of them was.
Peter Kwong was one of the rude sag members who butted In front of me. He's now being directed by Jeremy.
IMDb: : Hungry
https://www.imdb.com/title/tt11621958/

When I finally got to the mic it was shut off & so I yelled one thing.

During the entire meeting there were men yelling out of turn. It was a circus.

I was not overtly rude. But no actress should put up with being treated like an object or tool. It's fucked up that sag aftra let's anyone be abused in the industry

I looked out for others & wanted to do my job & be left alone. If we were not supposed to talk it's not rudeness. It's feckimg respecting the rules of being on a set.

Which one of you is filling my emails with GOP crap. I unsubscribe. I blocked. But I also am keeping a record of that abuse

This is all about my first mail chimp that git sent to everyone in my Gmail. Somehow I had emails in my Gmail I didn't know I had. That was an accident

Leave me alone you militaristic uncouth toxic black kettle Cassandra Taylor

I send this to multiple people because I want there to be a record of this. I want the world to know I stood up to deceptive manipulative controlling natcuscists. That I will not give in to people lying about me or abusing me. I apologize when it's due.

I got an email from Arne Star saying that i had committed a crime by posting his emails. As far as I knew I had not. I had no fiduciary agreement with him. I was not his lawyer. It wasn't a crime. It was a civil infraction.

But arne was lying about me. He told people I hated them because of their religion. I thought he meant scientology. Now i wonder if it wasnt Christians because I rejected a girl as a friend who freaked me out speaking in tongues. It was scary she suddenly acted like a demon possessed ouf of supernatural & she was text message harassing me. I worked with her on Nixon & didn't even think that it might have been her & not scientology until the recent news about Christian nationalism. He also emailed me that he thought I was schizophrenic but I was not

I'm a sensitive creative artistic person. I've been breaking Down into tears because of what you are doing

You think I'm rude.
I feel like you are trying to train me to be a mindless drone Cassandra. If I want to speak my mind I will speak my mind when appropriate. But I didn't get an education to be abused into silence. I want to build a fan base to be an actor. Your telling me you have the right to stop be emailing anyone

Keep your fecking class system in the UK. In the US I have been repeatedly told I'm one of the best. It's disgusting that Cali supports manipulative bullies like Carrie finklea who was degrading & abusive to me because I was older. From the beginning she wanted me to know i was just an extra. ..no one is fecking just an extra.

I was doing beach clean ups and street clean ups. Helping feed the homeless by cooking vegan meals

You want me to find a job to make $ so I can help people with $ I am so traumatized I don't want to even get out of bed.

Angela protected the guy who molested me & his wife so they could build a life

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee. Working on sets was my job. Not Me taking a day off to have fun on a set

I didn't rent a car for the gig. My wife had crashed the car after the first day, so insurance got us a similar car so we could travel as needed.
It's a rather mundane thing, a perk of being insured. But given my role in the movie and how prominent I was, production did indeed provide me with a car for subsequent scenes as my (not my ex's) car wasn't suitable for their needs.
You have no clue idea about that shoot, for example, for my month of time on set I was put up in a hotel and getting a per diem and golden time.
See Ms Tull, you don't know a damn thing. You're as nasty as the excretions from a vaginally yeast infection.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

I want my life back and I want to be known for working hard on sets & being hirable as an actor.

I would rather be dead than become my mother a broken stupid Bible loving slave codependent on a Neanderthal.

You are not qualified to put me on psych meds

I do not want to date or hang out with men in uniforms.

Nicole & Cassandra I'm sick of this - I think every guy is after me. No I don't. But my friend Barry once asked me out. He was drunk. David Lawrence asked me for drinks. Blake shields asked me for drinks. Jeff olan thought we did go out. But we never did. Jeff saw Blake & I together. That's how he saw us.

I'm sick of this. Carrie sent me an email telling me she wanted me to have more penis in my life. Make up your mind. You either want everyone to think I'm a diva who thinks she is hot or that I should be a whore & fuck every guy who wants to say hi.

Last night I'm at a bus stop & a black man comes up to me & asks me for the time. Then flat out says "I want some pussy."

When a guy follows & unfollows me multiple times on Twitter or posts pics he's divorced & lonely then starts liking me page or dms me & when I say I'm an actor & he says I need to move on- what should I conclude? I have a mix of men & women on my social media. You don't know what I think Bitch.

I don't like women. Its actually rare for me to trust a woman. Cassandra you are why I hate women who judge other women on the outside. Men are dogs. You assuming men have not been dogs with me or being as general as you are is non factual and overtly delusional. You have no basis to dictate I'm wrong when I say someone hit on me

Though now finding out that lovern was on set with Lawrence when he asked for my phone number & I gave him my email. It makes me wonder if he wasn't setting me up. He kept saying I needed to be challenged. That was 2007 & I had already had cancer & that was the year I started losing weight. That was the year my autoimmune disease started.

rest of my life if I'm never going to be allowed to make movies or be on sets because someone is discriminating against Me & blacklisting me.
I will never want to work in an office and wear a suit and be a mindless corporate drone. I don't want to have to spend the rest of my life acting like I'm happy. Pretending I feel successful because I have $

I didn't stalk anyone. But now I wonder if David h Lawrence was trying to make me look like a stalker when he was creeping me out.

I wonder if she would remember me. I suspect she knew David had a thing for me.

Blood Money. Michael lovern now has a credit for it? I was on that set to. It's an AFI film. That's the set where I met David H Lawrence & he asked me out. I don't remember lovern being there but if he was I probably was avoiding him. It was period & I spent most of my time with the hair makeup lady. She did my hair with these very cool rubber curlers. I loved them so much I bought a set.

IMDb bio for Michael Lovern

David later sent me a photo of myself on set one of the set photographers had taken or maybe he had taken it. It showed me standing at the bar alone holding a drink.

David later got cast on heroes & called me up to go visit him on set & I turned him down. I was working I think a commercial. But I would have turned him down anyways. I felt like he didn't accept my no as a no.

If someone doesn't want my emails they should tell me. Not you. Are you a lawyer representing someone I'd that it? Is this how UK lawyers act? Sending email after email to what? Psychologically abuse me into silence. .

The only reason I want to exist is to have my voice heard

If I was capable of being rude and agressive I'd be a lawyer.

You Cassandra are a misogynist bitch. Don't you get it. I'm going to keep sharing your emails in this chain until you shut up.

At the sag meeting in 2012 I stood in line to speak & other people kept butting in front of me. Union extras. Probably friends of gilbreathe. In fact I now know one of them was.
Peter Kwong was one of the rude sag members who butted In front of me. He's now being directed by Jeremy.

When I finally got to the mic it was shut off & so I yelled one thing.

During the entire meeting there were men yelling out of turn. It was a circus.

I was not overtly rude. But no actress should put up with being treated like an object or tool. It's fucked up that sag aftra let's anyone be abused in the industry

I looked out for others & wanted to do my job & be left alone. If we were not supposed to talk it's not rudeness. It's feckimg respecting the rules of being on a set.

Which one of you is filling my emails with GOP crap. I unsubscribe. I blocked. But I also am keeping a record of that abuse

I send this to multiple people because I want there to be a record of this. I want the world to know I stood up to deceptive manipulative controlling natcuscists. That I will not give in to people lying about me or abusing me. I apologize when it's due.

I got an email from Arne Star saying that i had committed a crime by posting his emails. As far as I knew I had not. I had no fiduciary agreement with him. I was not his lawyer. It wasn't a crime. It was a civil infraction.

But arne was lying about me. He told people I hated them because of their religion. I thought he meant scientology. Now i wonder if it wasnt Christians because I rejected a girl as a friend who freaked me out speaking in tongues. It was scary she suddenly acted like a demon possessed ouf of supernatural & she was text message harassing me. I worked with her on Nixon & didn't even think that it might have been her & not scientology until the recent news about Christian nationalism. He also emailed me that he thought I was schizophrenic but I was not

I'm a sensitive creative artistic person. I've been breaking Down into tears because of what you are doing

You think I'm rude.
I feel like you are trying to train me to be a mindless drone Cassandra. If I want to speak my mind I will speak my mind when appropriate. But I didn't get an education to be abused into silence. I want to build a fan base to be an actor. Your telling me you have the right to stop be emailing anyone

Keep your fecking class system in the UK. In the US I have been repeatedly told I'm one of the best. It's disgusting that Cali supports manipulative bullies like Carrie finklea who was degrading & abusive to me because I was older. I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

You are policing my free speech from the UK where I do not live.

If someone doesn't want my emails they should tell me. Not you. Are you a lawyer representing someone I'd that it? Is this how UK lawyers act? Sending email after email to what? Psychologically abuse me into silence. .

The only reason I want to exist is to have my voice heard

If I was capable of being rude and agressive I'd be a lawyer.

You Cassandra are a misogynist bitch. Don't you get it. I'm going to keep sharing your emails in this chain until you shut up.

At the sag meeting in 2012 I stood in line to speak & other people kept butting in front of me. Union extras. Probably friends of gilbreathe. In fact I now know one of them was.
Peter Kwong was one of the rude sag members who butted In front of me. He's now being directed by Jeremy.
IMDb: : Hungry
https://www.imdb.com/title/tt11621958/

When I finally got to the mic it was shut off & so I yelled one thing.

During the entire meeting there were men yelling out of turn. It was a circus.

I was not overtly rude. But no actress should put up with being treated like an object or tool. It's fucked up that sag aftra let's anyone be abused in the industry

I looked out for others & wanted to do my job & be left alone. If we were not supposed to talk it's not rudeness. It's feckimg respecting the rules of being on a set.

Which one of you is filling my emails with GOP crap. I unsubscribe. I blocked. But I also am keeping a record of that abuse

This is all about my first mail chimp that git sent to everyone in my Gmail. Somehow I had emails in my Gmail I didn't know I had. That was an accident

Leave me alone you militaristic uncouth toxic black kettle Cassandra Taylor

I send this to multiple people because I want there to be a record of this. I want the world to know I stood up to deceptive manipulative controlling natcuscists. That I will not give in to people lying about me or abusing me. I apologize when it's due.

I got an email from Arne Star saying that i had committed a crime by posting his emails. As far as I knew I had not. I had no fiduciary agreement with him. I was not his lawyer. It wasn't a crime. It was a civil infraction.

But arne was lying about me. He told people I hated them because of their religion. I thought he meant scientology. Now i wonder if it wasnt Christians because I rejected a girl as a friend who freaked me out speaking in tongues. It was scary she suddenly acted like a demon possessed ouf of supernatural & she was text message harassing me. I worked with her on Nixon & didn't even think that it might have been her & not scientology until the recent news about Christian nationalism. He also emailed me that he thought I was schizophrenic but I was not

I'm a sensitive creative artistic person. I've been breaking Down into tears because of what you are doing

You think I'm rude.
I feel like you are trying to train me to be a mindless drone Cassandra. If I want to speak my mind I will speak my mind when appropriate. But I didn't get an education to be abused into silence. I want to build a fan base to be an actor. Your telling me you have the right to stop be emailing anyone

Keep your fecking class system in the UK. In the US I have been repeatedly told I'm one of the best. It's disgusting that Cali supports manipulative bullies like Carrie finklea who was degrading & abusive to me

because I was older. From the beginning she wanted me to know i was just an extra. ..no one is fecking just an extra.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

We Didn't meet eating lunch lee. We met on set when I was told by crew to stand with you by your car that you rented. We never had lunch together. We only met for ten minutes but for some reason Mike lovern included your email in conversations with Arne Star after I was blacklisted in which you & Mike told me you knew my father and something about cia.

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

Cassandra I worked on a disney set once- HERBIE. On that set I saw a lot of crap.. I also watched the crew abuse people But one think I rarely talk about is the fact that there was a black girl who flirted her way into being in front. ANd rumors went around that she got her SAG VOUCHERS by giving crew people blow jobs. That is the kind of behavior I heard and witnessed in the industry. I did not do anything like that to earn my union card. I did the job of stand in and BACKGROUND. I obeyed the rules and followed direction. AND YOU WANT say that I was just a background artist but there were people who expected me to go from background to actor because they knew I was good. THEY KNEW i was trained to act. THEY KNEW I HAD BEEN WORKING ON LEARNING.

I am not te your friend if you think my wanting to be an actor means I am superior to you. YOUR EGO makes you less. your need to knock down me to your level is pathetic. If you wanted to be an actor or say yourself as one i would be OK. Go for it. I am not going to give up who I am and all the time and work i put in to build a life as an actor up for YOUr DESIRE to knock me down to make yourself feel like a GOD.

You want me to find a job to make $ so I can help people with $ I am so traumatized I don't want to even get out of bed.

Angela protected the guy who molested me & his wife so they could build a life

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee. Working on sets was my job. Not Me taking a day off to have fun on a set

You and Angelina are not innocent in this.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

I want my life back and I want to be known for working hard on sets & being hirable as an actor.

I would rather be dead than become my mother a broken stupid Bible loving slave codependent on a Neanderthal.

You are not qualified to put me on psych meds

I do not want to date or hang out with men in uniforms.

I do not need you telling me I need medication.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...

We Didn't meet eating lunch lee. We met on set when I was told by crew to stand with you by your car that you rented. We never had lunch together. We only met for ten minutes but for some reason Mike lovern included your email in conversations with Arne Star after I was blacklisted in which you & Mike told me you knew my father and something about cia.

By the way i didn't know my dad had anything to do with the cia so I called him. Apparently he took classes with CIA. You have emailed me how I was raised. Attached my social media. Made fun of me for being vegan.

I want honesty lee. I want true justice.

I don't think people who are liars and wealthy are smart. I think they are just vile.

I have told you we worked one show and you decided I shouldn't be on sets.

I beat cancer in 2005 only to have every reason I fought to live taken away by 2008.

There is nothing I want to lee but my life back in 2007 so I could have not met you. Not talked to you.

I don't want vacations. I don't want to be rich and famous.

I just wanted to make a living and build an acting career lee.

Which one of you is filling my emails with GOP crap. I unsubscribe. I blocked. But I also am keeping a record of that abuse

This is all about my first mail chimp that git sent to everyone in my Gmail. Somehow I had emails in my Gmail I didn't know I had. That was an accident

Leave me alone you militaristic uncouth toxic black kettle Cassandra Taylor

I send this to multiple people because I want there to be a record of this. I want the world to know I stood up to deceptive manipulative controlling natcuscists. That I will not give in to people lying about me or abusing me. I apologize when it's due.

I got an email from Arne Star saying that i had committed a crime by posting his emails. As far as I knew I had not. I had no fiduciary agreement with him. I was not his lawyer. It wasn't a crime. It was a civil infraction.

But arne was lying about me. He told people I hated them because of their religion. I thought he meant scientology. Now i wonder if it wasnt Christians because I rejected a girl as a friend who freaked me out speaking in tongues. It was scary she suddenly acted like a demon possessed ouf of supernatural & she was text message harassing me. I worked with her on Nixon & didn't even think that it might have been her & not scientology until the recent news about Christian nationalism. He also emailed me that he thought I was schizophrenic but I was not

I'm a sensitive creative artistic person. I've been breaking Down into tears because of what you are doing

You think I'm rude.
I feel like you are trying to train me to be a mindless drone Cassandra. If I want to speak my mind I will speak my mind when appropriate. But I didn't get an education to be abused into silence. I want to build a fan base to be an actor. Your telling me you have the right to stop be emailing anyone

Keep your fecking class system in the UK. In the US I have been repeatedly told I'm one of the best. It's disgusting that Cali supports manipulative bullies like Carrie finklea who was degrading & abusive to me because I was older. From the beginning she wanted me to know i was just an extra. ..no one is fecking just an extra.

I am not property Lee. I am a slave. Fuck corporate asswholes. No one will touch my resume then.

I will not take a job against my will that I do not want.

Angela protected the guy who molested me & his wife so they could build a life

The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

I fucking hated law school. I hated lawyers. I fucking never ever wanted to work in a law firm. My goal was always to work in film & tv. I didn't want my children to be forced to be lawyers or suits. I hate greed. I hate people consumed with $

If no one cares Than the planet will die. Art is just as important as science. Every voice matters including mine. Or we are doomed to tyranny violence and abuse

I want you out of my world Cassandra. But you will drive me to fucking suicide before you Make me want to give up acting

Stop Cassandra because the only way I'm going to care about being employed is being an actor. I want to play characters and create. I have a gift bitch. You are denying my true nature. You denying me hope

If no one cares Than you want Me to kill myself. I will let to fucking make $ or live without acting.

David later sent me a photo of myself on set one of the set photographers had taken or maybe he had taken it. It showed me standing at the bar alone holding a drink.

If I was capable of being rude and agressive I'd be a lawyer.

You Cassandra are a misogynist bitch. Don't you get it. I'm going to keep sharing your emails in this chain until you shut up.

At the sag meeting in 2012 I stood in line to speak & other people kept butting in front of me. Union extras. Probably friends of gilbreathe. In fact I now know one of them was.

It was scary she suddenly acted like a demon possessed ouf of supernatural & she was text message harassing me. I worked with her on Nixon & didn't even think that it might have been her & not scientology until the recent news about Christian nationalism. He also emailed me that he thought I was schizophrenic but I was not

I'm a sensitive creative artistic person. I've been breaking Down into tears because of what you are doing

You think I'm rude.
I feel like you are trying to train me to be a mindless drone Cassandra. If I want to speak my mind I will speak my mind when appropriate. But I didn't get an education to be abused into silence. I didn't rent a car for the gig. My wife had crashed the car after the first day, so insurance got us a similar car so we could travel as needed.
It's a rather mundane thing, a perk of being insured. But given my role in the movie and how prominent I was, production did indeed provide me with a car for subsequent scenes as my (not my ex's) car wasn't suitable for their needs.
You have no clue idea about that shoot, for example, for my month of time on set I was put up in a hotel and getting a per diem and golden time.

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

I loved them so much I bought a set.

David later sent me a photo of myself on set one of the set photographers had taken or maybe he had taken it. It showed me standing at the bar alone holding a drink.

David later got cast on heroes & called me up to go visit him on set & I turned him down. I was working I think a commercial. But I would have turned him down anyways. I felt like he didn't accept my no as a no.

If someone doesn't want my emails they should tell me. Not you. Are you a lawyer representing someone I'd that it? Is this how UK lawyers act? Sending email after email to what? Psychologically abuse me into silence. .

The only reason I want to exist is to have my voice heard

If I was capable of being rude and agressive I'd be a lawyer.

You Cassandra are a misogynist bitch. Don't you get it. I'm going to keep sharing your emails in this chain until you shut up.

At the sag meeting in 2012 I stood in line to speak & other people kept butting in front of me. Union extras. Probably friends of gilbreathe. In fact I now know one of them was.
Peter Kwong was one of the rude sag members who butted In front of me. He's now being directed by Jeremy.

When I finally got to the mic it was shut off & so I yelled one thing.

During the entire meeting there were men yelling out of turn. It was a circus.

I was not overtly rude. But no actress should put up with being treated like an object or tool. It's fucked up that sag aftra let's anyone be abused in the industry

I looked out for others & wanted to do my job & be left alone. If we were not supposed to talk it's not rudeness. It's feckimg respecting the rules of being on a set.

Which one of you is filling my emails with GOP crap. I unsubscribe. I blocked. But I also am keeping a record of that abuse

This is all about my first mail chimp that git sent to everyone in my Gmail. Somehow I had emails in my Gmail I didn't know I had. That was an accident

I send this to multiple people because I want there to be a record of this. I want the world to know I stood up to deceptive manipulative controlling natcuscists. That I will not give in to people lying about me or abusing me. I apologize when it's due.

I got an email from Arne Star saying that i had committed a crime by posting his emails. As far as I knew I had not. I had no fiduciary agreement with him. I was not his lawyer. It wasn't a crime. It was a civil infraction.

But arne was lying about me. He told people I hated them because of their religion. I thought he meant scientology. Now i wonder if it wasnt Christians because I rejected a girl as a friend who freaked me out speaking in tongues. It was scary she suddenly acted like a demon possessed ouf of supernatural & she was text message harassing me. I worked with her on Nixon & didn't even think that it might have been her & not scientology until the recent news about Christian nationalism. He also emailed me that he thought I was schizophrenic but I was not

I'm a sensitive creative artistic person. I've been breaking Down into tears because of what you are doing

You think I'm rude.
I feel like you are trying to train me to be a mindless drone Cassandra. If I want to speak my mind I will speak my mind when appropriate. But I didn't get an education to be abused into silence. I want to build a fan base to be an actor. Your telling me you have the right to stop be emailing anyone

Keep your fecking class system in the UK. In the US I have been repeatedly told I'm one of the best. It's disgusting that Cali supports manipulative bullies like Carrie finklea who was degrading & abusive to me because I was older. > The teachers in LA are striking now because of Maga politics and 1% who don't get everyone deserves a good education. Not just the fucking ivy blue varsity cheaters and

liars. Teachers deserve to be paid more so they can focus on the kids and not stress over rent & food and medical bills. You think I'm horrible

I'm better than you. I deserved better than to be kicked after I had cancer. Cancer isn't a joke. They cut it out of me. But if it spread I won't do radiation or Chemo. I made the mistake of having the surgery in 2005. Your God if he exists gave Me cancer to kill me. Because I hate him now. I hate God if I fucking can't have what I worked for

I'm not some spoiled Cali trust fund kid. I don't have 200000 to give to charity. You selfish narcissistic moron.

I am not going to care about making $ because without acting. I hate life you asswhole.

Acting made me a stronger person. I had a balanced life. You email me all this bulkship telling me I need to be a better person? But you didn't know me at all.

Angelina chose you. Decided you were the better person because you were a father with kids.

I needed to work to pay my bills lee. Working on sets was my job. Not Me taking a day off to have fun on a set

You and Angelina are not innocent in this.

**Subject:** Re: My status Nicole.

You were on the set of Cloverfield for one day lee. At least with me. I was there for 10. I'm realizing you were there with the military right. They had military equipment. You are dod.

I don't like violence or war movies. I hate the nra & guns. I'm vegan

I'm sick with an autoimmune disease. I started losing weight in 2007. You bastard. You are not my friends.

I needed hope I'd be an actor

I an poet. I love the arts. I am not practicing law. I was studying digital media & photoshop & wanted a career in film & tv since college

You fucking think I need medication? You play God. You make fun of me for being vegan.

Fuck the federal government if they stopped my acting career.

If Cassandra taylor works for the feds she should be fired

The Bible is just a book. No God created the planet in 7 days. We are not superior to all life. Dinosaurs did not exist at the same time as man

I had just found peace with my mastectomy in 2007. I was auditioning & building a reel.

In the military lee your job is to protect America & its civilians. You are not a cop & civilians are not your toys to rule over & control

My fucking father has treated me like he owns me. He uses giving Me $ as a reason to bully me. I have not lived with my parents since 1988. No one in DC knew my parents.

I had some producer woman meet me for lunch who went on & on about how she had to quit working to take care of her mother. My mom has been saying she needs help and is going to die since 1995 when I started law school. My brother has lived with them since he graduated college.

I wanted children. Oh wait I'm disgusting to you lee. I'd raise my kids without the Bible but I'd also raise them without guns or violence. I'd never hit my kids

I never got in trouble in school Lee. Never

I'm phi beta kappa in theater. Theater is not my hobby lee. It is my life work

I'm not interested in being used by some employer to make them millions while I don't get to ever be successful as am actor. I don't get to finish my movies or projects. I fucking have a list of scripts I wanted to do and I am not going to stop being vegan.

My parents have given me 1700 a month since 2011. You or who ever got rid of me from sets cost my parents 150000. It cost the feds 100000. I wanted to work. But to me writing and journalism is work.

Footage of me lee from law school at court TV. Footage training at American U & with Will Wallace. https://linktr.ee/lauraanntull

I didn't know my parents had $. I didn't. I sold My car in 2009 because I couldn't afford the insurance on it let alone pay to rent a car to play on sets.

Acting lee is my only way of feeling safe in my own skin. My father abused me as a kid so I am fucking back with social anxiety. I have agoraphobia. My confidence shattered.

I don't want men in my fucking life. Men just use Me. Men are stupid pathetic desperate needy asswholes who use women & don't lift us up. I fucking hate Cassandra taylor

You lee & Cassandra don't care if you fucking push me to suicide.

I had an autoimmune disease. Cutting me off sets and taking me out of entertainment industry took away the only reason I liked America & being alive

I want my life back and I want to be known for working hard on sets & being hirable as an actor.

I would rather be dead than become my mother a broken stupid Bible loving slave codependent on a Neanderthal.

You are not qualified to put me on psych meds

I do not want to date or hang out with men in uniforms.

I do not need you telling me I need medication.

No amount of medication is going to make me vote for Trump or want to hang out with men with real jobs..

I want kids lee. That is never going to happen. But I never ever want to date a patriotic gop American with a gun

Thats me Lee. In the black dress by the car.

The making of Cloverfield Is on youtube

The girl with the actor. She's crew. And from my home state of Maryland.

My father makes me want to kill myself. I hate him lee. Fuck you.

You will not brain wash me with medication into wanting a job in an office

I was happy in 2007 lee. Happy.

I would rather cease to exist than be
Friends with My dad

I told my father in 2005 if I ever saw him again I'd kill myself. I told him I'd never care about working or making $ or fighting to live if he stopped me working on sets

It's 2023. I haven't filled a tax return since 2010. Because I kept my promise...
