Lies again!

They didn't put you in an institution for saying you was a lawyer, you were put into an institution because you were "hypervocal, paranoid, delusional grandiose, that people were 'killing you' and you 'feared for your life' and that you were a danger to yourself as you stated you wanted to commit suicide"

**Laura Ann Tull SAG AFTR...**  
@ArtisticHope

3 of 3. THESE ARE FROM  
2012 THE YEAR @DuncanCI  
put me in an institution for  
saying I was a lawyer. I had  
every right to say that. Just  
as much right as Cabot  
Davis. [apps.calbar.ca.gov/  
attorney/Licen...](https://apps.calbar.ca.gov/attorney/Licen...)

...me. If they been left alone, and I am pretty sure  
lawyers are part of why I was treated the way that I  
was, I'd be acting now. I cant to a job where I am  
being me anymore. I spent 5 years acting, even if  
background. It is not just they took away my fun, they  
took away my survival mechanism from a father who  
abused me and are basically pushing me to quit  
which, and my dad knows this, would mean I might  
hurt myself, let alone having someone woman lie and  
say i'd get a gun when I would not.

You see my dad has been paying my rent since 2008.  
I have no job and  
no way of paying off debts. I don't care. I don't want  
to be around  
anyone but the acting community. YOU WIN. I was  
gas lighted. Now I  
don't want to survive. i HATE MY FATHER. My parents  
dont want me to  
succeed - they want me to fail. My brother is three  
years younger  
then me and still lives in their house. I will only have  
sex again if

them. I am tired of fair game. AND I DONT CARE  
ABOUT MAKING MONEY IF  
I CAN NOT BE AROUND PEOPLE I CAN BE FRIENDS  
WITH

I HATE ALL OF THE PEOPLE I MET AT CUA NOW.  
NONE OF YOU KNEW ME. NONE  
OF YOU CARED TO FIND OUT WHO I WAS. AND

No. That is not true. I have been gas lite.

I didn't want power or wealth. I don't care about award shows. I didn't come to Cali to win an Oscar.

I didn't demand to speak out of turn. I didn't demand to be cast. I auditioned.

I was an intelligent successful woman whose resume is not a lie.

You are calling me illiterate when I was a good student Cassandra.

I wouldn't make it as a lawyer & was better at acting and editing. You took away my 1600 followers to destroy my sanity and validate lies I was mentally ill. I have the right to self confidence and to voice my opinion with out this gas lighting. <https://en.wikipedia.org/wiki/Gaslighting>

I was against the sag aftra merger.

You are the one who is grandiose and insane. You think you have the right to judge my sanity in 2008 from the UK when you admit I don't know you? You are acting to invalidate my character & I want to know why? Whose paying you? What do you get from this?

I'm phi beta kappa & Mensa. I did go to law school. I got sick with an autoimmune disease.

I'm not interested in dating illiterate men with bad hygiene so you can say now I'm not crazy. You want to Subject me to abuse and degradation

I spent 4 days in a hospital. I very much doubt the doctors who cared for me would agree with you.

I had more ideas in my head than most. I'm Mensa you bitch.

Someone saying I'm obsessed with Clooney. With Finklea. With my ex who tried to push me to have sex in college who I rejected? Obsession implies singular preoccupation. I loved acting. Im not fighting to live because you say I'm a has been actor. I dated guys most background didn't know were in my life here In Cali because I wasn't about bragging.

You want to stop my acting obsession. Your taking away the only reason i like being alive.

I was 100000 in debt and you want me to go work at a McDonald's right? Because as far as your concerned that's what a WASP woman like me is capable of?

I was auditioning. Taking classes. Doing acting workshops.

There are 160000 members of sag aftra. How many of them got in as background? I wasn't just a background artist. Sag aftra labeled me a what dangerous mentally unstable person but I didn't hurt anyone. I didn't attack anyone.

These are documents from Catholic Law. I didn't act grandiose. I wanted toxic bullying to stop on sets. I wanted people to stop belittling people who worked as background. There is a reason voucher system exists. To prevent Hollywood becoming a class system for the rich. To allow anyone the chance to join sag aftra. <https://lauraanntull.com/acting/?p=2287>

If the police were not told I was going to get a gun, which I did not say. I would not have been put in a hold. I'd never use a gun to kill anyone.

I said I'd be suicidal if I was not allowed to be an actor. Your telling me I'm a has been Cassandra? "If." Not "I'm going to kill myself."

I didn't watch Grey's Anatomy. But I worked the show. I didn't own a TV from 2006. I got rid of my TV when I moved into Los Feliz. I had a computer to watch DVD on. I wasn't obsessed with her show or with her work. I wanted to work toward being an actor and be professional about it. Not be forced to go get a regular job and be a secretary because you want to judge who I am based on lookism.

FYI. I stopped liking combat hospital and watching the show because the lead character started growing pot. Wrote this to Barry Caldwell. Also realized I have a thing for blondes. I don't like it when I make choices on shallow things. If I find myself obsessing over someone or something I make myself quit.

My fucking father told me to kill myself or give up acting. ... he would push me to suicide and the more contact I had with him the more depressed I felt.

I didn't like Mably. But got accused by an actress on twitter of attacking him?

I was not grandiose. I don't want to play the leading sexy lady. I'd rather play the smart intellectual detective type. Stop bullying me by using the fact i was wrongfully put into an institution by SaG. I was in 2 sag films in 2011 and was marketing myself.

Read the email with Katy Kutzman. She was running her own group for actors. Had her own contacts. But got irked when I told her someone offered me free acting classes.

Stop trying to convince me I'm a crazy person and my own life experiences are a delusion.

You are a narcissist. I'm not.

You are not grasping reality at all are you?

It clearly says what they locked you up for but your brain isn't accepting it!

You are blaming everyone who's had a connection to Jeremy, even the smallest of connections, that they have had a hand in what you think is the destruction of your life,

You are the only one that's ruined your life, by verbally attacking and shouting shit that they have no idea what you are going on about!

All these thousands of emails you send everyone is also what's derailed your career, nobody wants someone who aggressively shouts at innocent people on sets!

Why can't you see it?'

All this because some drunken idiot attempted to put his finger up you? That's happened to me & I'm just glad he stopped when I shouted at him & the asshole didn't rape me.

You are ruining your life with this crap.

Some men are fucking wankers, we can't help that, it's their fault, no one else's.

Stop emailing & messaging/tweeting people blaming them.

I know what you say Cassandra. But you can't read. You were not there . You are distorting the truth. These are records from olive view. It says I minimalised what I said by saying they were killing me. At the meeting in 2012 they shut the mic off just as I got to the front. I was there to protest the merger because I was assaulted by an Aftra staff member. I have emails from Katy Kurtzman stating she heard me say aftra was killing me. Not that I was going to kill myself. <https://lauraanntull.com/acting/?p=1488>

It says I had a high tsh. Hypothyroidism. But I'm underweight. I had hashimotis. I've been sick this entire time. But you call me a hypochondriac?

Plus I am gifted. I'm not Normal. You want to say I'm delusional about that. Want to tell my college how one if their best students isn't intelligent at all.

V71.09 is an insurance code. So they wanted to bill me for putting me into a hospital? That's rich. Considering the union knew my only income had been from sets. Let's charge me for a police hospital stay. It also indicates a suspected mental issue but not proven.

<https://www.aapc.com/codes/icd9-codes/V71.09#:~:text=09%20for%20Observation%20of%20other,ENCOUNTERED%20DURING%20EXAMINATION%20AND%20INVESTIGATION.>

Gaf of 45. They gave me a drug. I was abused by my parents. I'm not a social person. I don't like 9 to 5 people. I was better around theater people & artist. I'm gifted. The doctors who examined me have probably had few encounters with people like me. I'm Mensa.

I am an introvert.

I don't want to be normal. Nor do I want a regular boring job with benefits. By trying to make me have a relationship with my parents the California mental health community would push me to suicide. I did not need help with my social skills.

I wasn't obsessed with Clooney or I'd have gone where he hangs out

I wasn't obsessed with Blake or I'd have moved to Palms.

It does not say I was delusional. It says I Said I was a lawyer & I said I'd get a gun.

Stop drawing your own conclusions.

I had a social life people didn't know about.

But you try having a social life when someone is trying to make you leave your home (and Cali had become my home) with attacks on social media. When you've been sexually assaulted by a guy who apparently is considered more appropriate as an actor crew because he loves cocaine & porn.

Granted the attacks happened after my being institutionalized. But they confirm I was telling the truth about someone out to get me. The doctors at olive view had just met me. I had a GPA of 3.6 at SMC.

I was creating my own websites. I was going out & writing reviews. They judged me on one meeting based on how I looked and the fact I would not give them My parents info.

My father is a retired Homeland agent. He terrifies me.

Did they know I was volunteering with the tree people. That I was vegan. That I was involved with acting groups. That I would rather read a book than hang out at a bar. . That I liked going out on my own to sing at karaoke clubs. That I was doing meetups with photographers. Oh but at least one time someone called the cops to say I was kidnapped.

If I don't want to socialize I shouldn't be forced to socialize. If I don't want to let someone into my life I should have the right to say go away. .

I don't fucking want to hang out with people who are religious

I was hanging out at the magic castle for years. Jon Armstrong was a friend. Did sag aftra know that.

If the psychologists want to make me be a normal girl then they want to lebotomize me. Take away my high IQ and make me be a mindless drone. They should be arrested for abuse.

Ned Vaugh was running the meeting in 2012. Mr NRA GOP.

<https://www.hollywoodreporter.com/news/general-news/charlton-heston-gets-a-postage-695505/9>

I don't want a normal social life. I would rather be left alone to make movies & act in them than to be forced to make fake friends just to prove I'm sane.

You will not force me to be "normal" because gifted people like me we are never going to be normal.

<http://mosaicofminds.blogspot.com/2009/08/why-do-gifted-people-seem-so-weird-it.html?m=1>

I'm a gifted person and I'm owed an apology by sag aftra for abusing me and harming my reputation. No I'm not delusional. Calling me weird was an insult to my intellectual aptitude. I'm pretty sure my IQ is higher than Eric Dane.

Stop thinking there is something wrong with me. Back east everyone knew I was different. They knew my IQ was higher than normal. There is something very wrong with California's mental health system & sag aftra for treating me like a criminal for being

above average in IQ and attitude. <https://www.psychologytoday.com/us/blog/experimentations/202111/one-personality-trait-distinguishes-gifted-people>

Are you gifted Cassandra? Are you Mensa? If not your not qualified to access my psychological aptitude.

I have scripts I wanted to finish. Articles I wanted to make for artistic hope. Videos I wanted to finish. Digital art projects. I don't want a church to go to or a regular job with health benefits.

You are going to make me kill myself before you make me be someone who wants to go to sift Ball games or parties. I liked playing different people. I liked changing who I am. Acting was how I connected.

I am never going to want to hang out with normal Americans.

I want to sue the mental health system of California for being archaic.

Most therapist would not even recognize I'm not delusional. I'm gifted.

By the way Cassandra all the questions at the beginning of this article are a yes for me but someone at SMC inferred I'd go against my principals and do something like cause an accident to sue. I make typos. But I'm not stupid.

<https://www.psychologytoday.com/us/blog/living-emotional-intensity/202008/gifted-adult-therapy-the-wounds-being-too-intense>

If you want me to accept what you say is true cassandra than you want me to stop being Mensa gifted and accept I'm at the level of a what? High school drop out? Well I can't.

I'm not interested in being trapped in a mind-numbing life you think is appropriate for me because you don't understand that my normal is to be above average.

I tell casaandra my normal mind was full of movies poetry art and ideas and she tells me I'm crazy.

I'm gifted Cassandra. You are not right to label me delusional. <https://giftedconsortium.com/high-exceptional-profound-giftedness/>

I've played this game since last may. I'm consistently in the top 30 of the house even though I'm at puzzle 2656. I started playing those last May. Warner Brothers owns this game. They let me on their lot for the potter anniversary.

Stop doing this to me. It should be criminal to abuse people like me.

I work better on my own. I have things I want to finish. If I can't be in industry and be an actor I can't achieve my goals. You have no right to define my purpose or who my friends should be.

"Harmful to myself" how does that make me a threat to others. Cassandra. Or are you of the mindset suicidal people should be isolated and gassed. Wear a star of David & be put to death. Are you an L Ron Hubbard fan? That's what he teaches.

Reality is acting is the only reason I like being alive. You wont make me prostitute myself or be normal.

But you think I was stalking a girl like this who well thinks this makes her look smart? <https://youtu.be/XHZESdeSttc>

She's not a feminist. The project I worked on with her seemed very violent and abusive.

She was abusive to me. This is supposed to be her acting but bad choice in art.

I did a background check on your email. You have zero presence in the US. Nothing. No social media. No accounts.

You created this account purely to abuse me.

I can't go against my values. I can't sleep or focus because my acting was what I did to deal.

I would not connect to a guy who wasn't like me. Creative and talented. You can say I'm crazy all you won't.

I don't want a future if I can't be a creative.

You need to destroy anyone who is different. You need to erase me so that no one finds out I had ideas. I had creative skills.

I had credentials. I am not going to be going to get a teachers job. Or work in an office. Or be a cook. I don't want to date a guy who isn't as smart and interesting as I am. My mind had more going on in it than yours Cassandra. I can tell because you can't comprehend I'm not nasty or evil. You are a bigot.

Cassandra they did not believe I was a lawyer. A smart cop got in my face & said "you are crazy you are not a lawyer." I even have letters from the state bar that incorrectly say I said I was an attorney. No. If I did. I would have said one who won't practice. A lawyer who is inactive or resigned can't practice and it would be an ethics violation if I did

I worked for the DC bar CLE program and part of my job was reviewing ethics laws.

I can use my knowledge to talk politics. I can use it to talk art. I studied entertainment law at American U before even going to law school. I can use my knowledge to write fiction. But I can't "practice" law.

Just called Jeremy Gilbreathes last employer. Told them what he did to me.

Why are you after me? What do you get from destroying me?

Are you a fan of Bridgerton? Work for Rhimes in UK? Or do you just hate Americans?

I really want delusional. If you really read everything on my websites you would know I wasn't out to be a star let or leading lady Hot girl. .

I was against Britain exiting the EU. Though I didn't push it. Wasn't my place to decide where British people want.

You shouldn't have the right to decide what people in my country want.

We in The UK like to bully cancer survivor with incurable autoimmune diseases because we are awesome. Not.

I'm asking your government who you are and telling them your harassing & bullying me...

I didn't legally threaten you. You are pushing me. Coercing me. Slandering me.

I'm a nice person as long as you don't bully me.

I'm 74% british. Jethro Tull is my 7th cousin 7x removed.

The inventor.

You are in England. Jethro went to Oxford at 17.

You saying I think I'm superior? I'm genetically related to one of England's most important contributors to industrial revolution.

Even though I'm not wealthy. I'm smarter and more ethical than both my GOP parents. I'm not perfect. I had to work to be healthy. I'm not a scientist. I'm artistically inclined.

I'm also related to the Godwins. As in possibly Mary Shelley (Godwin).

Genetically I'm more British than most British citizens. The average Brit is 36% I'm practically a pure blood at 74% but by all means destroy one of your own.

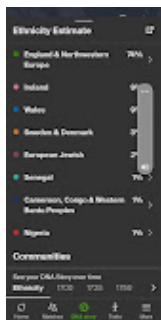

That is if you are a Caucasian Brit.

I told you before it's spelt "British" you thick bully.

And I also told you before that I don't have any connection to the entertainment industry or any famous people.

Brittish is how the founding fathers spelled it. It's American slang. As a kid I studied American history.

Maybe you need to leave the UK and get to know Americans before you slap us Down as stupid for one "spelling" error.

Thick yank. You can shove your founding fathers.

I wouldn't set foot in your country, most of your congratulations are a bunch of gun nuts, most of your country hates abortion but loves the death penalty, most of your country believes in god, he doesn't exist.

I didn't shut down your Twitter because of that Jeremy, I don't give a shit who he is or is not.

I never heard of him.

I reported your account for constant harassing tweets to many many people, also you told people you were going to commit suicide, that needs reporting because you need help, but it seems you have blamed everyone that you're gonna commit suicide since 2008.

You violated their rules on harassment, you were obviously on your last warning.

Stop harassing people.

Why did you do this to me? You know nothing about entertainment industry. I don't want to survive if I can't work in entertainment industry.

You and I would not be friends Cassandra. We have nothing in common. I have the right to not like you. I have the right to be me.

You don't have the right to prevent me emailing people or connecting to people

You don't want me being an actor. Then you want me to be depressed miserable and alone. Because I won't feel like I have friends if I can't be an actor. I will not like the people in my life if they don't accept I'm an actor. ..

I don't want to be a doctor teacher or accountant. I quit law in 2002

What is wrong with you that you don't get I wasn't nasty. I wasn't mean. You calling me a problem tells Me you are a woman who sides with men like Weinstein.

Because you need to understand you constantly harassing people, sending them hundreds of messages, accusing people of doing things they had nothing to do with, you think anyone that had contact with that Jeremy bloke are also guilty.

You don't see that you are doing this to yourself, people have been telling you for over a decade now that you need to stop.

You think that girl Sarah will meet you after you sent her hundreds of tweets? Look at the last time she replied to you, she's ignored you since, she obviously doesn't need anything as toxic as you in her life.

You even told her you was going to commit suicide! You can't keep putting that on people, get help.

**@SarahAnnMasse** I'm probably going to commit suicide. I had no family supporting me emotionally. I sold my car in 2010. So while I was trying to make me leave Cali I had no way to go anywhere. I screen shot everything. Twitter won't give me copy of **@LauraAnnTull**

Can you not see you are making it worse for yourself?

Yank? Cassandra You are a person who hates Americans. Rich...

My family came from Britain in 1650

My great grandfather told me his father told him that our ancestors helped overthrow Cromwell & were given land in America. That may or may not be true.. giles Tull. His sons are my ancestors. My great grandfather's father was Samuel Tull. He built this house.

<https://travelhag.com/samueltullhouse/>

Richard Tull born 1640.

[https://en.m.wikipedia.org/wiki/Tulls\\_Corner,\\_Maryland](https://en.m.wikipedia.org/wiki/Tulls_Corner,_Maryland)

Cromwell 1658 lord protectorate 1626 to 1712.

Tulls corner was settled 1666. They left England during the reign of Lord Protectorate.

My ancestors were the children of Giles Tull 3rd wife. As such by British law they would be last in line to inherit. So I suspect that is why they came to America.

Britain's and Americans spell words differently.

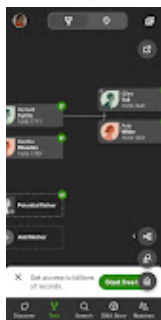

I'm forwarding your message to brits I know here so they know what's going on.

I use the word twat to call someone stupid. I got it from british literature. (I'm going to keep using the old American slang version.) But it's also slang & vulgar to mean a woman's genitals. I got censored on tiktok not knowing the other meaning.

<https://www.merriam-webster.com/dictionary/twat>

You be an ignorant xenophobic Brit. But twitter is a US company. I'm going to send all these to my government.

There you go again, I never said I hated Americans, I just mentioned that I didn't like what half your county is like, but you do you & read whatever your brain thinks it said.

You used to tweet back & forth to that Kate Kelton until she finally got fed up with your constant weird responses & blocked you.

I don't care who you send this too, because at the end of the day you look like you have severe problems & you are harassing people.

I don't need a history lesson, plus you don't exactly have history in your country like us Brits.

You think your name dropping looks good but it doesn't impress me at all.

California right to privacy is in the constitution. Cassandra Taylor took away my twitter. I'm sending this email to the directors of IndyShakes.

Casaandra you want me to respect others privacy but won't respect my rights to shut the door in someone's face.

I came to Cali for acting. I'm a legitimate member of sag aftra. I earned it.

If the man in my life prevented me acting and creating & making stories & characters I would grow to hate him like I hate my ex boyfriend Frank.

I don't leave my apartment now for days. I wish I had died of cancer. I hate the fact I'm alive. I don't have dreams or goals to achieve without acting. I would rather be alone and dead if I can't be an actor.

She's calling me a problem.

She says I'm a Yank. She's called Me a bitch & a cunt. Says I'm nasty.

I was molested by Jeremy Gilbreathe.

I am not interested in running a box office or working behind the camera because of fascists who only like pretty people.

You want to silence victim of sexual assault than you are the problem.

You did this took away my twitter to silence my voice.

You read just like my father. He says the same things. I never ever want to be in the same room with him. .

You don't want to hear from me you are in the UK. I don't know you so I probably wasn't emailing you. But if you don't want me to talk to people who will listen you are evil & trying to control my speech.

You just can't see it's your own doing.

And as for you thinking I'm trying to silence you, well that's a laughs, you have another Twitter account, 3 websites, numerous blogs, Facebook, Instagram, Medium, YouTube, TikTok, LinkedIn, MySpace, and oh so many more, just put your full name into Google search & then see the amount of harassing content you have made & sent to people.

Yeah I did because I want Woody to know I have just as much right to be a working actor as him. And you Cassandra are still stalking me on twitter. Or do you work for twitter? Why have you chosen to be my jail keeper from the UK? I didn't want to know Woody. I Also didn't want to follow in his footsteps.

Woody Scultz was pro merger. I voted against it.

You keep saying I send death threats. I've been threatened. I'm being abused. I matter too. I never sent anything that said I'd go kill anyone. I said if this I might. My parents give me \$ and still want to see me and I told them when I had cancer my idea of he'll would be stuck with them in my life & not working on sets..

I wanted to pay off my debts doing things I was capable of doing. I'm good at acting. I'm good at digital art. I'm an artist.

You want me arrested for not being a lawyer & quitting in 2002. You think I fucking had myself tripped in 2008. That's crazy. I know you didn't say that.

But fuckinv stupid parents don't have a clue what social media is or how people are working and making a living with internet.

I didn't go to school to learn editing so I could go teach it without even being given the chance to work as an editor. .

You think women who speak out about sex predators are "problems." What does that make you? I know your account isn't In the US. Or affiliated with any social media.

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC1705531/>

I'm not a criminal for being an actor & wanting to work on sets. What crime did I commit? Gilbreathe did commit a crime.

At one point casaandra told me Gilbreathe just put a finger in me.

That Cassandra is a crime.

California Penal Code 289(a)(1)(A) defines forcible penetration with a foreign object as:

- "anyone who commits an act of sexual penetration when accomplished against victim's will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person."

Isolating me isn't healthy for anyone. How dare you? Are you law enforcement? An expat?

I'm sick of this. I get trolled by over 100 twitter accounts. To the point I wanted to really kill myself all to validate what Sag aftra did in 2012.

I went to Towson High. I was 11th in my class end of my senior year I think. I has a GpA of 4.0. I think I had like 2 Bs.

Woody I'd an elected official of sag aftra. .

I have read them. But we're you there for when Arne & I spoke in person? Do you know I told him I wanted to file sexual harassment charges on someone?.

Arne didn't know I had been involved with John Ponzio. He wasn't on every set with me. In fact he was mostly only on Disney sets with me.

arne Star is featured in the Master. A Annapurna Pictures. Jordan Marks employer. Lead actor is from Deadwood

You are in the UK

I don't want illiterate xenophoboc narcissists in my life. You cow.

I don't want to practice law. I won't. Period. I hate politics & law. I can't be an actor I want to die. And it's making me angry how corrupt America is if people can slander me to the point it should be considered fraud.

Give me my twitter back Arne Star. Stop this insanity.

This is David Kreller. Guy I had a crush on in high school. I've known where he is since 1996. My parents told me thinking they could talk me out of wanting to go to New York or Cali. [https://memory-alpha.fandom.com/wiki/Arne\\_Starr](https://memory-alpha.fandom.com/wiki/Arne_Starr)

Arne thought Grey's Anatomy was going to cast him as an actor from background without auditioning.

I have an actors access. Because I made a point to work to be an actor. Not just sit on a set & draw and think I could bribe my way with images into being cast. <https://resumes.actorsaccess.com/lauraanntull>

Unless it's private. Arne Star isn't in actors access.

A Michael Starr is. <https://resumes.actorsaccess.com/MichaelStarr>

I was trying to stop lies. I can't get any work I'm going to love. I don't want to work minimum wage in a retail store or be stuck as a paralegal or secretary. I wasn't training in editing at SMC to be fucking treated like I'm crazy.

I went to an event this week and all the women said I was lovely. Regal. Beautiful. Glowing. I'm sick. But how dare you keep saying these things to me.

I'm not a criminal or schizophrenic.

Schizophrenia is brain damage. I had a car accident in 2010. Doctors did a brain scan. I still have I believe copies of that scan. I saw the scans. My brain was normal. There were some calcium deposited that I thought looked odd but my doctor said there was nothing to worry about. All of you SHUT THE FUCK UP ABOUT ME HAVING A MEDICAL CONDITION I DO NOT HAVE.

YOU THINK IM MENTALLY ILL SO I COULD GET VIOLENT? BUT IVE NEVER BEEN VIOLENT.

YES IM SHOUTING ON PAPER. BECAUSE YOUR STUPID IF YOU THINK YOU CAN KEEP SAYING I HAVE A MEDICAL DISEASE I DONT HAVE & USE THAT TO KEEP ME FROM THE PRIVLEDGES OF SAG AFTRA

I NEVER went up to Arne at any events few times I saw him not on a set. He was belligerent & rude.

Cassandra did you inform the police you were calling from the UK? Who did you tell them you were? Really? It makes no sense. Plus you were harassing me. Took away my twitter & it's 1600 followers.

Oh wait it's ok for me to be @artistichope with 198 followers. I can appear to stalk actors. But I'm not allowed to be one because America isn't a democracy and I'm poor and don't deserve rights of others.

You Cassandra are as vile as Carol Grant. Former Vegas dancer. Women who think that my speaking out about being molested & rejecting men is a sign of aggression.

I actually ran a special app for my @lauraanntull account. I was blocked by 181 accounts or less than 200. I had blocked 3000 accounts.

You casaandra are like my father who thinks Trump is likeable. I'm a good person. I'm unemployed. I will prabqnoy end up dead before I get a regular job with health benefits. I don't want to work in politics or law or have a regular office job.

I can probably go back and find the screen shot of that report.

I didn't swear. But wait Some celebrity can shout fuck Donald trump and not be censored. If I did it I'm banned.

I didn't behave that way at all. I never cursed at a sag aftra meeting or on a set. .

I never did that. Barry caldwell knows I didn't.

If that's what I did why didn't they say anything in 2008 or 2012

Yes I curse now. It's kind of more acceptable. Frankly I know industry people who would rather have someone say fuck you than hit someone.

Considering the fact I was fired from every casting agent when I didn't do anything wrong after being tripped. You had my twitter shut down and are saying all this stuff that didn't happen that you claim I did.

I don't have a future at all. All my friends are actors or industry. Im not going to be a fan of anything if I can never work on the shows I watch or if I can't be a film maker

I'm not going to be in love with law or politics or want to teach or fight.

I had bills to pay to. I'm sick and can't get the care I need but it's not going to help me go get a job. Because idea of being stuck employed and pretending I'm happy is my idea of misery. I do acting for fun. I don't want to pretend to be normal anymore. I'm fucking tired of stupid people. Including Cassandra Taylor.

You think anyone that has a difference of opinion is being a bully to you, delusional.

Carol Grant has done nothing to you, the nasty emails & phone calls you made to her is disgusting.

I contacted Twitter about your hundreds of suicidal tweets & then they contact your local police & they send someone round to do a welfare check.

You are the vile person in this situation, you are extremely dangerous & I really feel sorry for your parents.

You are the one who constantly violated the Twitter rules, you get a number of warnings about your posts & then they take the account away, that's all on you, your fault.
