I never shut you down for your sexual assault, you evil slanderous cow.

Twitter shut you down because you broke their rules again after getting warnings.

I'm a writer. Because I can't generate a business if I don't have readers & followers. I don't want to be in a hive. I want to stand alone. I'm an INFP. I work better solo. I know this person shut me down for the guy who tried to rape me.

You are the one who reported me. Considering your emails. You are too focused on events from 2008. I'm betting if Musk buys twitter. You'll have artistuchope taken too.

Also if you have nothing to do with twitter or me really how did you get 3 of my emails? Two of them are not public. One I only used For actors & my union.

Hum?

When I said I hoped a guy was as suicidal as me. He was the guy who molested me. So yes you did.

Yet you are not stalking me. Are you black cassandra? Do you have anything to do with Kenya?

This organization isn't valid. It raises \$ for some one to have surgery? That's not right conduct by an org.

This org stole my name. I need to go through My screen shots but they were called something else on Instagram

I was on stage 32 as artisticchope. I'm not racist. But I'm not going to sit back and let an org steal from me. Oh wait they are helping black people I should just let them.

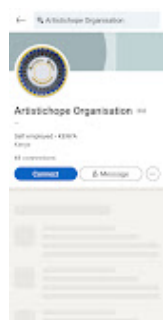

They are Muslim. See attached

Obama was born in Kenya.

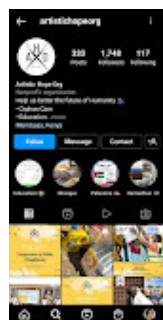

I'm an educated person. I wanted to have a voice. I needed to. My mental health matters.

Nothing. Just give up \$\$\$

I write about the arts. Never ask for \$ I was trying to build relationships. I was thinking of trying to sell ads but to organize I could trust. I didn't want to advertise diamonds that kill kids

You don't get it Cassandra. You think I'm evil. I can't do anything I feel is bad.

You are clueless as to what good looks like.

I just sent them these. I'm crazy because I am atheist. No. I wasn't crazy. I wasn't hearing voices. Actors on sets talk in front of background like we can't hear them. I'm not background. I'm an actor. I won't go back to being an. Extra. I want a future as sag aftra actor. Sag aftra is guilty of sexism & aegism. Also why is it OK for Will Smith to say FU or Chris Rock but I'm being told I swore at people on sets. I did not do that. If I had the letters from SAG legal should have said that. Saying bad behavior with out specifics is a red flag. We don't have a real reason but we will make it up later .

I was cursing out my parents. My father called me an ass as a kid because I was smarter than my mother. In 2010 my parents had their dentist not clean my teeth. I'm thinking someone with union was talking to my parents.

You can't have one standards of behavior for celebs & another for everyone else. If I'm being banned for curse words than alot of actors should be also censored and silenced. This is About \$ and power. Not right & wrong.

I find this is so distopian and hypocritical. I never "attacked anyone." My father called me two days ago. I blew up at him verbally. We will never have a good relationship. I Was happy and felt like I had a home safe from his abuse when I was working sets.

I am never going to want to be in a regular job going to the same place and feeling like I'm property to an employer. Doesn't matter if I'm being paid a living wage. If I can't achieve acting I will Har that job. I'll constantly be looking for something else

Fuck you.

I don't want friends who don't think I'm good enough to be seen.

I don't care if you don't want me acting. Why does your voice matter more than mine? Who are you to play fucking God. I'm going to take all your emails & send them to multiple government agencies.

I was fuvking trying to keep them separate for a reason. But you made it impossible so now I act like artistichope is my personal account. I'm posting about me & not art.

Fuck you. Fuck Kenya for stealing artistic hope from me.

This is a conversation with me & survivors of child sex abuse. Them thanking me. The account you helped get banned

FYI. Twitter hasn't banned artistichope yet. You jumped the gun telling me it was going to be Cassandra.

Your account was NOT banned to protect a sexual assault.

Your account was shut down by Twitter because you were constantly tweeting & harassing people that had nothing to do with it.

You send hundreds of tweets accusing people of doing stuff they haven't, over and over again.

You constantly target people that have nothing to do with you.

I have NOT destroyed you, your business or anything else, you have been doing that all on your own.

Stop blaming people for everything and stop harassing, stalking and bullying innocent people.

You do this bizarre '6 degrees of Kevin Bacon' thing where anyone connected to anyone & everyone must be guilty of doing something to you.

That is delusional.

Go on and post the emails of support to blame everyone else from your friends then.

Send my emails to multiple government agencies then, the ones you've already sent has been ignored by everyone.

Stop harassing, bullying and stalking people.

You really got angry because your "parents had their dentist not clean my teeth"
That's spoilt brat behaviour, why can't you get a dentist yourself?

And you are really harassing a children's charity in Kenya?
How sick are you?

Once again stop harassing, bullying and stalking people.
