About Laura Ann Tull

I am a freelancer and sell my services not products in Art and Entertainment. I live in Hollywood/ Los Angeles and am striving to be a working actor and also I am training in digital media. I am a thriller, horror, drama actress, though I am funny to (cute). I also do voice over/ dialects and can sing. (I am trained in sound design and want to create my own home studio in the future to do voice work as Amazon auditioned me and told me I had an interesting voice for audio books and am really good at ADR- I could do some cartoons.) I have rhythm and can dance but bad knees prevent me from being a professional dancer. I know ADOBE After Effects, Photo Shop, DSLR still photography, Light room, Premier Pro, Final Cut, Pro Tools, Sound Booth. I have Adobe cs4 the Master collection. I am focused on ACTING but also want to balance that with other means of making income. If cast in a project I would have no problem helping in other capacities (marking etc). I am SAG AFTRA. I am out to be a team player. To do the work, but we can do it with no stress by enjoying the experience. Life is way too short. I push the projects I am cast in regardless of personal life issues. I started as a Theater girl. The show must go on, but it is a family run operation of people and we should not forget that. I am also the owner of the name ARTISTIC HOPE- a blog about art giving back. It is my heart desire to make it into my legacy of sorts. ART is important, and acting is an ART.

I have friends in CHICAGO, NEW YORK and in HAWAII, so I may be able to do business there in the future. Peace. [See MoreRead Less](#)

Tim Russ is an Actor, Director, Producer. He is also an accomplished rock performer. You may know him from Star Trek, the newer ones, Voyager, Generations, Deep Space Nine. He has been giving me advice and ive known him for over three years. He has seen my reels, my credits, my films i've done work on as director, sound engineer for Santa Monica College, and i sent him a link to see the monologues i self taped. This review means a great deal to me. Tim is a father and family man with a great deal of integrity, generosity, and heart. A true professional. If you can go see him play rock n roll or check out what he is working on now as actor or producer. Thank you sir. [See More](#)[Read Less](#)

I'm shocked. I am a member of DMALA with Carlos where we met. His work is incredible as a film maker and puts mine to shame. I do hope we work together. His lady is an incredible beautiful actress to. He has seen my work digitally and I assume also as an actor. Thank you and well I do hope we work on something and your lady too.
