Reading lines with actors who are either taping auditions, trying to learn their lines and I have also had someone just want to ask me advice on how to draft a letter to their manager, I do have extensive experience beyond just working as background and I am tired of someone who is competitive and HATEFUL trying to undermine my good reputation because I am an ATHEIST and SECULAR and DEMOCRAT. I have two autoimmune diseases and can make myself available when I am up to working. This does not mean I am not disabled or that I can get a 9 to 5 job and if I can not make money I could die. I do not want to be taking money from my parents. I need surgery so LEAVE ME ALONE PLEASE AND LET PEOPLE decide if they want to work with me. NEW UPDATE: I made \$1000 in tips and did about 250 sessions and got 240 postivie reviews. But I got one bad review calling me rude, never got an email copy of the review and it made me angry and scared. I made it public what was happening. I felt like this girl picked me to mess with me. She was black and chrstian. And I am tired of being abused by CHRISTIANS. I read with all types on WEAUDITION. I never said NO. In fact i read with a really cool Black actress just yesterday who I have read with before.
